City Chest Workers Make Good Report At Noon Meeting

Further Gains Made By Chest Workers Today

Report \$3,545.50 At Noon Meeting In Y. W. C. A. Bringing Total To \$43,840

DR. WILLIAMSON SPEAKS TO WORKERS Expect Larger Report From Many Of Teams In Campaign Tomorrow

Perhaps it was due to the weather this morning, or maybe it was because some of the teams are reorganizing their efforts, but at any rate, today's report in the Community Chest drive was a little less than Tuesday's. The various workers reported \$3,545.50 in today's campaigning, bringing the total to \$43,840.

The Y. M. C. A. team again led the field with \$921.50, closely followed by the Associated Charities, while the Almira Home stood third.

Today's report follows:

Previously reported	\$40,295.00
Y. W. C. A.	321.00
Y. M. C. A.	921.50
Red Cross	247.00
Margaret Henry Home	184.00
Almira Home	519.50
Associated Charities	773.50
Boy Scouts	308.00
B. P. W. and Quota Club	99.00
Total today	\$3,545.50
Total to date	\$43,840.00

PA NEW OBSERVES

If next summer is as dry (speaking of weather conditions) as this past summer, Pa. News is going to instigate a movement to plant a bed of roses in the Neshannock river. All during the summer the river was low and Pa. News noticed yesterday that thick tufts of grass and weeds are growing in the river bed.

There is one organization that always is able to get crowds at their social events and what a crowd last night! The Consistory dinner-dance at the Cathedral drew hundreds of folks Tuesday evening and most of them were not from Lawrence county. Four folks traveled all the way from Johnstown and several were present from sunny California.

Program presented by the Legion of Honor at the Consistory dinner-dance last night was greatly appreciated by the crowd. Among those on the program were several talented men of the show "Odds," a quartet of men who broadcast over the radio, Prof. and Mrs. Alan Davis of Westminster and the Westminster quartet of singers.

Window panels of the West Side school have been painted white. Wonder if they are going to be left that way or some attractive color painted over it?

There should be a sign on West Washington street extension directing the way to Union Township high school. Many motorists pass the turn that should be taken and that necessitates retracing the route, and the loss of time and effort.

Pa. News noticed some citizens looking quizzically at the long and solid line of automobiles coming down Washington from the direction of West Washington. (Continued On Page Two)

Invitation To Come Here Pleases State Leaders

(Special To The News)
SCRANTON, Pa., Oct. 8.—H. C. Heckerman, chairman of place committee of next year's State Sabbath school convention, said that the fact New Castle wanted next year's convention was the best news they had heard. All of the officials seem highly pleased. Altoona has put in a strong bid, however, and the indications are that they will get the 1931 convention as it has been about ten years since they entertained the convention. However, New Castle will probably be recommended for 1932.

Officials miss the late Percy L. Craig and his leadership. Registration shows more delegates from First Baptist Sunday school, New Castle, than any other Lawrence county school at the present convention.

Staid Old Boston Torn Upside Down By Legionnaires

American Legion Delegates Litterly Rip Boston's Conservatism Apart

Much Property Damage Reported—103 Persons Taken In Custody By Police

(International News Service)
BOSTON, Oct. 8.—Whoopie! Old Dame Boston looked down at her mantle of conservatism today and found it badly mussed. The "old girl" was somewhat disheveled after coming through a hilarious carnival that followed in the wake of the "big parade" of the American Legion.

Throughout the night and into the morning, jolly, friendly, swirling throngs clogged the streets.

A total of 103 persons were in police toils charged with intoxication, hospitals recorded eighty persons recovering from the consequences of the mardi gras spirit. Fourteen pickpockets were under arrest.

Much property damage was done by a crowd of hoodlums who engaged in an orgy of vandalism, automobiles on the streets were overturned or jounced until the springs cracked. Wind-does were broken.

Wife Disorders
Scores of bonfires were started in the streets from the debris of the parade. Smoldering paper and wood were thrown into automobiles. There (Continued On Page Two)

Justice Of Peace Is Under Arrest In Making Of Liquor

John Degardeyn, Justice Of Peace Of Uniontown Is Alleged Bootlegger

MAN CONFESSES TO OFFICIALS

(International News Service)
UNIONTOWN, Pa., Oct. 8.—John Degardeyn, justice of the peace and an influential Republican politician, today was under arrest on a charge of violating the liquor laws through the operation of a huge liquor distillation plant.

Degardeyn's arrest, providing Fayette county with its biggest sensation since the John Donahoe murder, took place after county officials had obtained a complete story of the operation of the politician's alleged plant from Joe Hart, alias Joe Nemethko arrested yesterday in Wilkes-Barre.

Degardeyn's plant, providing Fayette county with its biggest sensation since the John Donahoe murder, took place after county officials had obtained a complete story of the operation of the politician's alleged plant from Joe Hart, alias Joe Nemethko arrested yesterday in Wilkes-Barre.

Hart, in his statement made before County Detective A. A. Downing and Alderman R. V. Wright, is alleged to have given the names of backers and the still together with a detailed story of its operations before the raid.

In Downing's information sworn out for the politician's arrest it is alleged that Degardeyn conspired to violate the liquor laws.

Frank Dufour, his son Frank, Jr., Robert Dufour, John Resneck and Walter Hansen were arrested by officers when the distillery was raided in May. Officials seized more than 10,000 gallons of mash, 3,000 pounds of sugar, several hundred containers and several hundred gallons of liquor believed to be the daily output of the plant.

General Gouraud Legion Speaker In Boston Today

One-Armed "Lion Of Argonne" Brings Special Message Of Good-Will To Legion

FRENCH GENERAL WELL RECEIVED

Los Angeles And Detroit Are Seeking Convention For 1931 Sessions

By Eugene K. Lorick
International News Service Staff Correspondent
BOSTON, Oct. 8.—General Henri Gouraud of France, one-armed "Lion of the Argonne," was the central figure today before the boys who fought under him "over there" at the second session of the National convention of the American Legion in Boston arena.

General Gouraud brought a message of goodwill to the legionnaires. Other distinguished guests were President William R. Green, of the American Federation of Labor, Admiral W. S. Benson, U. S. N., retired and Major General Sir William Hickie, K. C. B. of Dublin Ireland, National Vice President and president of the Irish Free State area of the British Legion.

Committee reports on time and place for the next convention, with Los Angeles, Cal., and Detroit, Mich., the two most serious contenders for the honor, were in order as were reports on Finance, Resolutions, Legislation, Rehabilitation, National Defense, Americanism, Child Welfare, Foreign Relations, and Constitutional amendments.

In addition, awards were scheduled for 10 per cent membership honor planes and 400 per cent club stations. Simultaneously with the re-convention of the legion delegates, those to the tenth annual convention of the American Legion Auxiliary convened at nearby symphony hall for their business sessions.

Officials of the legion announced today that the convention fund had been so generously and quickly filled that there would be a surplus. The amount of the oversubscriptions will be returned to the Boston business men. Total expenses of the convention were estimated at \$1,000,000, while visiting legionnaires and their friends were expected to spend an additional \$4,000,000.

Cannonading Begins All Along Verbal Front In Philadelphia Today

PINCHOT SPEAKS SOME OF HIS MIND

Hall and Salus Are Bitterly Assailed For Bolting Regular Ticket

By E. L. RAWLEY
International News Service Staff Correspondent
PHILADELPHIA, Oct. 8.—Cannonading began all along the political front in Philadelphia today.

Gifford Pinchot, the Republican nominee for governor, arrived during the night from his Pike county home. He immediately fired a vigorous blast at Councilman Charles B. Hall, leader of the bolt to the banners of John M. Hemphill, Liberal-Democratic gubernatorial aspirant.

Pinchot not only aimed several verbal shots at Hall but also included State Senator Samuel Salus, another one of the bolters, in his attack.

Waters Backs Pinchot.
He was joined in his assault by Auditor General Charles A. Waters, of Germantown, an influential leader in the 22nd ward. Then S. Davis Wilson, director of Pinchot's Philadelphia campaign, launched another sally at Hall and his followers.

While Pinchot was declaring Hemphill was "welcome" to Hall, Salus and others of their political persuasions, Councilman Harry Trainer, long an avowed wet, indicated he will join the Hemphill forces.

BEVERLY HILLS, Cal., Oct. 8.—I used to try to get what I thought would be some funny political angles over the radio, and it was awful hard. But last night along came my old friend Nick Longworth on the air and hit on a humorous angle that I had never thought of, and I bet none of you had either.

He blamed the Democratic party for the financial depression that is enveloping the world. It's really the biggest advertisement that the Democratic party has ever had. Why if they was that important, they would not be Democrats, they would all be Republicans but it was a new reason at that.

Did you ever notice there has never been a year when alibis were as scarce?

Yours,

New Castle Is Unanimously Chosen Convention City For 1931 At Closing Sessions

WILL BRING ABOUT 450 DELEGATES HERE

Rousing Convention Is Reported By Local Men Returning Home Today

New Castle was unanimously chosen as the 1931 Convention city by the Pennsylvania Automobile Association at their closing session in Reading Tuesday afternoon, when officers were also chosen for the coming year.

Several other cities had placed bids for the convention, Wilkes-Barre and Meadville both extending invitations to come to those places, but New Castle was selected when the matter was put to a vote. The convention will bring around 450 delegates here during the early part of next October.

According to President A. C. McCoy, Secretary Ray F. Hall and Jas. P. Cope, who represented the local association, the convention was one of the finest ever held.

Attorneys Attend Supreme Court Appeal Of Irene

New Castle Attorneys Interested In Case Are At Pittsburgh

District Attorney John S. Powers is in Pittsburgh today, where it is expected that the appeal of Irene Schroeder and Glenn Dague will be heard by the supreme court late this afternoon. In Pittsburgh he was to meet Special Prosecutor Charles J. Marshall who assisted in the prosecution of the gun girl and her companion.

Attorney Thomas W. Dickey, one of the defense counsel, is also in Pittsburgh, as is Attorney Benjamin Jarrett of Farrell, and Attorney Percy Allen Rose of Johnstown, Pa., who will assist Mr. Dickey in presenting the appeal to the supreme court.

The exact time of the appeal is not known, and there is a possibility that it will not come up until sometime Thursday.

Association Votes Unanimously To Close Store On Armistice Day

BIG BANQUET IS BEING PLANNED

At the meeting of the New Castle Retail Grocers Association held last night in the offices of the association, 319-321 South Mill street, C. Everett Anderson was elected as president for the ensuing year.

Other officers elected were:—First Vice-President, James R. MacKenzie; Second Vice-President, John J. O'Neill; Secretary, Frank W. Hill; Treasurer, Archie Cohen; directors—Martin Hietsch, James R. MacKenzie, Clem Crisci, M. G. Crisci, John J. O'Neill and A. L. Burrell. The president, secretary and treasurer are also members of the board of directors.

Plans were considered for a monster banquet to be held in this city in the rear future and in which all the grocers of the Mahoning Valley will participate.

The following committee was appointed to handle this affair, the committee consisting of James R. MacKenzie, J. W. Rupert, C. Everett Anderson, Martin Hietsch, Benjamin Brown, M. W. McClelland and F. W. Hill.

Motion presented that the members of the association close their stores on Armistice Day, decorate their windows and co-operate in every possible way with the general Armistice day committee was unanimously carried. The committee appointed to co-operate in the celebration consists of John J. O'Neill, M. W. McClelland, Clem Crisci, Archie Cohen and F. W. Hill.

Five new members were taken into the organization. The meeting was very largely attended.

SCHOOL BOY DIES OF HEART ATTACK

MEDIA, Pa., Oct. 8.—The "ice pick" murder of Mrs. Vida Robare, attractive 33-year-old matron of the Glen Mills Reform School for boys was solved today with the obtaining of a confession from Alexander McClay Williamson, 18-year-old Negro inmate of the institution.

Williamson, Delaware county official said, confessed he stabbed his pretty mentor to death with an ice pick despite her pleadings when she caught him in the act of stealing a box of shoe polish from her cottage.

He tries to smile in his old time style, but his muscles refuse to yell, and his tones are mild where they once were wild, and a whisper replaces the yell. The reason is this, for his loss of bliss, I know why he isn't gay, he bet on St. Louis to cop the ray, and the series may end today. Oh his face is drawn and his color is gone, for the A's seemed set to go through, which would grieve the lad for he's feeling bad, the weather is sixty two.

It's Fun To Learn Drawing

Cartoon Contest Offers Opportunities For School Folk

It's great fun—the ability to draw comic cartoons.

Nearly everybody likes to draw them, but few can do them well. That's why the editors of Central Press and The News have arranged a big cartoon contest in which grammar school pupils all over the country may participate.

And who knows but what a boy or girl in New Castle may win the \$100 prize offered for the best cartoon? Who knows but what YOU may be the winner?

Perhaps you never have tried your hand at cartooning. That doesn't make any difference. Through Central Press, The News has arranged for a group of the best known comic artists in the world to teach you the fundamentals of cartooning!

Think of it! Such famous artists as Russell Patterson, Nell Brinkley, Milt Gross, George Swann, Wally Bishop, Russ Westover, Jack Sordis, R. J. Scott, Lee Stanley and others are preparing a series of lessons to teach you how to draw and give you a better chance at winning the \$100 prize.

Watch for the first lesson! All cartoons should be submitted to Central Press Association, 1435 E. Twelfth Street, Cleveland, O., by mail, fully prepaid. Return postage should be enclosed. Each cartoon should contain the name, age and full address of the sender.

All cartoons must be drawn in ink on white drawing board, obtainable in art stores and many book stores.

The name of the contestant's school and grade also must be on the cartoon submitted.

Only original cartoons may be entered in this contest.

Deputies Are Named For Coming Election

Several Are Appointed By Court To Act On November 4

Preparations for the November election were indicated at court this morning when two constables asked that deputies be appointed in their districts. Constable W. V. DAY OR NIGHT

You're the JUDGE

Wealthy Mr. Hoopston has been advising his young nephew to take a trip abroad. The nephew agreed that the trip would be pleasant, but he answered that he could not afford the expense. One day Mr. Hoopston told his nephew that if he would take the trip he, Mr. Hoopston, would pay half the costs, no matter what the amount happened to be. This won the young nephew over, and after a little while he went abroad.

During his absence in Europe the uncle took ill and died. When the young man returned he found two executors in charge of the estate. He explained to them the history of the trip, relating his uncle's promise and presented an itemized account of the cost and asked for half of it from them. But the executors refused to pay it. Whereupon the nephew filed suit.

How would you decide this case?

Harry C. Stickle presented a petition in court this morning setting forth that he will be 21 years of age on the 4th of March, 1931, and that the Lawrence Savings & Trust company is his guardian. He is a son of the late Joseph H. Stickle of North Beaver township. He is a cripple, having lost an arm, and asked that his guardian be allowed to pay him \$120 out of his estate to meet expenses for board and other contingencies. The petition was granted.

was a wild melee around a downtown hotel, the scene of a near riot the previous morning. Attackers on the hotel were driven back and doused by bags of water from above. Crap games were staged on historic Boston Common and in hotel lobbies.

Canes brought by the Legionnaires sent all Boston into a "cane complex." Some cane carriers selected a person without a cane, slipped the curved end about his neck and yanked him to the ground.

The climax of the night and morning of hilarity was reached when a small toy automobile was driven into the lobby of a hotel, placed aboard an elevator and driven about various floors much to the amazement of hotel guests, who, jumping from their beds and opening their doors, discovered an automobile passing in the corridor outside.

The district visited today was the South Side. The appearance of the officers on their dog shooting quest aroused general interest and excitement wherever they went.

The dogs killed in this case were all strays and unlicensed. The indications are that the owners of dogs have quite generally taken the warnings of the chief at face value and are keeping them tied up at home if they value them at all.

ton street extension. It was school ma'am, school masters and school principals of the county returning to their homes after a day at teacher's institute.

During the past week, 47 miles of new paving was completed on state projects, making a total of 1048.29 miles for the season. Most of the construction work has been completed for the season, but a few small districts exist in various parts of the state. The red marks on the state map, are growing less and less each week, however, and by the first of November only a few will exist.

It doesn't take long for the leaves on the trees to disappear once they start falling. Along any street nowadays you'll find most all of greenish color gone from the leaves and many of them on the ground.

City workmen were out along North Mercer street giving another yellow coat to the curbs where parking is banned. Drivers shouldn't find it easy to find an excuse if their cars' found parked by one of these lines.

The Butler avenue paving job is now half finished, and only a short while longer the other side will be done. The improved thoroughfare certainly will make out-of-town motorists think more of the city as they drive through.

At the post office are two letter depositories—one for city and one for out of town mail. Outsiders don't realize how it helps to expedite the mail when patrons drop them in the right slot. Of course a careful watch is kept for mis-placed mail.

Pa New wishes the Shenango would rise enough to wash away some of the logs and other debris that has collected below the West Washington street bridge. Certainly doesn't look as attractive as it might.

The traffic light at Park and Highland avenues seems to be working irregular hours. Some nights it burns until midnight, and some others goes out at nine o'clock.

Young Pa New believes he possesses the record for having seen the oldest license plate this year. An automobile parked downtown bore a license No. C. of E. U. S. A. 1449.

High above the street, confident in the safety of their scaffold, painters were noticed Tuesday afternoon decorating the woodwork about windows on the tower of the First Christian church. The work on the church by the way, is progressing rapidly.

Slowly but surely a network of water and gas mains is rapidly spreading about the city and vicinity. The latest, a \$5,000 water main project, will include the laying of 2,000 feet of six-inch water main on the Harlansburg road.

NEGRO CONFESSES SLAYING WOMAN AS RESULT OF HATRED

turn to the tool house with a receipt for the tools. The foreman signed the paper and Williamson left the gang apparently bound for the tool house again.

"I didn't go there though," he said. "That was only an excuse. I wanted to get to the Robare cottage to steal a box of shoe polish from the dining room closet. I went into the building and tried to open the closet with a knife. This didn't work and I decided to get Mrs. Robare's keys."

Finds Ice Pick

"On the way upstairs I picked up the ice pick in the kitchen. I found Mrs. Robare's room was open and I walked in. She was combing her hair. She told me to get out. Then she made a move toward me and I stabbed her a couple of times. She tried to fight me off but I stabbed her some more. Guess I stabbed her 20 to 25 times."

Williamson then recounted how he went to the cellar of the cottage and hid the ice pick in a hole. As he went down the steps he said he heard Mrs. Robare's body fall off the bed. Slipping out of the cellar, Williamson went to the powerhouse and washed the blood from his hands. He explained there were some crimson blotches on his trousers but nobody noticed them.

Bore "Grudge"

The negro explained that he had formerly assisted in the work at the Robare cottage and was fully familiar with the building. He was ejected from the cottage four months ago because of unsatisfactory work. He retained a "grudge" against Fred Robare, the comely matron's husband because of his ejection and subsequent demerits that caused his 18 months sentence to be prolonged to four years, Williamson told his questioners.

Following his confession Williamson was moved to a secret hiding place to prevent enraged citizens from lynching him. During his period of confinement in the institution, school officials said, he had become the most incorrigible of the 650 boys there.

Mrs. Robare was slain last Friday afternoon while her husband was busy with a group of the boys in the fields surrounding the school. The slaying took place in the Robare cottage school building. The tragedy was discovered by Robare upon his return from work.

mittie, is expected to join in the bolt within the next day or two. Announcement of his switch to the Hemphill camp is expected to be preceded by his resignation as treasurer. Several other local ward leaders including Councilman David Frankfield of the 4th ward, Wm. F. Campbell, registrar of wills and leader of the 25th ward, Harry W. Keely, head of the 15th ward and Councilman John J. McKinley, of the 33rd ward, are expected to follow Hall, Trainer and Salus into the wet camp.

Pinchot Speaks.

"Hemphill is more than welcome to Hall and Salus," asserted Pinchot in his brief speech. "They always have been gangsters first and Republicans as a matter of convenience afterwards. For every vote these men deliver, steal or count for Hemphill in Philadelphia, indignant upstate voters will give me not less than two."

Waters called upon the young Republicans to save the party in Philadelphia. He termed Hall "a burned out political cinder" ready for the ash can.

"The mask is off," he added. "Mr. Hall does the right thing in resigning from the Republican campaign committee."

"Mr. Hall candidly admits nearly one-half a century of service in the Republican party. He neglects to state, however, that great personal aggrandizement followed his patriotic efforts. He can well afford to retire from political activities and enjoy his remaining years in comfort and ease."

Wilson asserted Hall by his switch to the Hemphill faction exhibited all the outward instincts of a cheap weicher.

FINE PROGRAM AT DINNER DANCE

lege and were accompanied by Mrs. Davis at the piano.

One of the big features was the appearance of the Campus Owls, a quartet of musicians extraordinary from Ohio State University. These boys had just completed a program over WKBY at Youngstown and returned to New Castle for their appearance. They made a big hit with the dinner dance crowd.

Following the program of the evening, dancing was enjoyed, with a well balanced crowd taking advantage of this part of the evening's entertainment.

Approximately 450 people were in attendance. The Legion of Honor received many fine compliments on the program they had arranged for the evening.

Thousands Seek Series Tickets

Thousands Wait In Line Today For Bleacher Tickets To World's Series

(International News Service)
PHILADELPHIA, Oct. 8.—Thousands of laughing jostling baseball fans, the largest army of the series formed in line before the ticket offices of Shibe Park this morning awaiting sale of the \$1 tickets to the reserved bleacher section for the sixth game of the Cardinals and Athletics for the world's title.

The line extended for many blocks and thousands were doomed for disappointment as only 3,000 seats were available. Before midnight the line started to form and when the tickets were placed on sale at 8 a. m. the queue was several blocks in length. Speculators hovered around the waiting line secretly hawking box and grand stands seats at prices ranging from \$15 to \$25 for a regular \$5.50 ticket.

Samuel Warwick, 17-year old local newsboy, was first in line when the throng began to gather last night, but three hours before the gates opened he sold his place in line to George Taylor, of Dayton, O., for \$8.

He was the first fan to enter the park. He explained that he had been touring the city in a house automobile with his wife and two children and decided to attend the game.

Many holders of the prized grandstand and box seats sold their duress at \$10 and \$12 each to fans who were unable to secure any of the \$1 tickets.

To Foreclose Claim On Donovan Estate

Preliminary papers to foreclose a mortgage, held by the Dollar Savings association against Edwin K. Logan, executor in the estate of Mary Donovan, with notice to Michael Donovan and Mary Kolart, were filed at the probate court's office today. The original mortgage was for \$750. It is claimed that payments are in arrears for over six months, which is the limit of default under the rules of the association.

Hemphill And Party Coming

Democratic-Liberal Party
Candidates To Stop Here
On October 15

TO MEET VOTERS AT THE CASTLETON

John M. Hemphill, Liberal Democratic candidate for Governor, and party including the following candidates: Sedgwick Kistler for U. S. Senate, Guy K. Bard for Lt. Governor, Lucy D. Winston for Secretary of Internal Affairs, Hon. Henry C. Niles for Judge of Supreme Court, Hon. Aaron E. Reiber for Judge of Superior Court, will meet the Lawrence County Liberal and Democratic leaders and their friends in the lounge of The Castleton in this city between the hours of nine and ten o'clock on the morning of October 15 it is announced.

It has been definitely arranged that Dr. Hemphill and party will be in this city at that time. John B. Albany, representative of the Democratic State Committee was in the city last night and Democratic County Chairman, Attorney W. J. Baer has completed the necessary arrangements for the reception to be held at that time. The party is to motor here from Sharon on the evening of October 14 following meetings and speaking engagements in Oil City, Franklin, Farrell and Sharon. Following the reception here the party must hasten on; they will make a short stop in Ellwood City and will go from there to attend a number of meetings and fill speaking engagements scheduled for October 5, in Beaver Falls and other valley towns.

Chairman Baer declares that "Mr. Hemphill is a real citizen of Pennsylvania, a man upon whom we will all look with pride as governor and a true friend of Lawrence County who will back to the limit our 'waterways' and other local projects which mean so much to our welfare and development."

Union Baptist Notes

The Ladies Missionary society led by Mrs. Lula Hicks, visited at the pastor's home Tuesday evening and supplied the treasury with all kinds of edibles and after a social chat they left with the words of gratitude and appreciation still ringing in their ears. Rev. and Mrs. C. D. Henderson both expressed their thanks in a gracious manner.

The Prayer Bible class will meet this evening at 7:30; the lesson to be the last of the temptations in the wilderness. Thursday evening at 8 o'clock Rev. A. J. Green of Farrell will deliver a special sermon. He will be accompanied by his congregation and choir, who will have some special selections to give.

MRS. JAMES CHAMBERS ENTERTAINS CLASS

Mrs. James Chambers, Hillcrest avenue, with Katherine Edie as associate, were charming hostesses Tuesday evening when they received members of the Etta Giffill class of the First United Presbyterian church in the former's home. The house was beautifully decorated with vases of fall flowers placed effectively about the rooms and there was a great percentage of the membership present.

Mrs. Hugh Jamison, president of the class, was in charge of the meeting, when plans were made for the winter's activities.

Mrs. Chambers pleased her guests when she told of her trip abroad this summer and she brought in a great many amusing incidents that happened that caused merriment among her hearers.

A most delightful evening was brought to a close when the hostesses served a delicious lunch.

November 4 will mark the date of the next meeting which will be at the home of Mrs. George Smith, Blaine street.

**N. B. B. MEMBERS
ENJOY GATHERING**

Associates of the N. B. B. club were delightfully entertained Tuesday evening at the home of Miss Astrid Nelson on Neshannock boulevard.

The home was beautifully decorated throughout with novelties suggestive of the approaching season, Halloween. The tables were also arranged in keeping with the same tones, where a most delectable lunch was served by the hostess, assisted by Mrs. K. Nelson.

A social hour followed, when games of a wide variety were indulged in, causing much merriment. The prize of the evening went to Miss Helen Prosser.

October 21 marks the date of the next meeting which will be held at the home of Miss Helen Prosser, Euclid avenue.

**T. A. B. CLUB
ENJOYS LUNCHEON**

Mrs. Joseph Malloy, of North Walnut street, pleasantly entertained associates of the T. A. B. Club in her home Tuesday at a prettily appointed 1 o'clock luncheon. Covers were cleverly arranged at a table beautifully decorated in tones of pink and white with a large bowl of American Beauty roses gracing the center.

After a delicious menu had been served, tables of Bridge were in play as the entertainment during the remaining hours. Prizes for honors went to Mrs. T. S. Donnelly and Mrs. Roy Wish.

In two weeks the club will gather at the home of Mrs. Roy Wish on Edison avenue.

S. of D. Girls Meet

Members of the S. of D. girls of the Central Presbyterian church met Tuesday evening in the home of Mrs. Bernice Hague with Mrs. Bertha Montgomery, Mrs. Hilda Joyce, Mrs. Bessie Allgar and Mrs. Violet Slack as associate hostesses.

The meeting was called to order by the president, Mrs. Rebecca Lapsch, who then turned it over to Mrs. Theodore Aiken, who was in charge of the program. The devotional period was opened by singing "Thy Faithful Custody" and the scripture lesson. The missionary topics were ably discussed by Mrs. Mamie Stillwagon and Mrs. Hazel Burrows, and Mrs. Stillwagon having India as her topic and Mrs. Burrows, Alaska.

Closing the business session Mrs. Herbert Aiken gave a splendid reading after which the hostesses served a delicious lunch and the organization adjourned to meet November 4 in the church.

Convention Club

Mrs. William Ousler proved a delightful hostess when she entertained members of the Convention Club in her home Tuesday evening at a 5 o'clock party, which marked the first event of this nature on their fall calendar. Lovely prizes for the feature were awarded to Mrs. Edward Ansell, Mrs. William Cage and Mrs. Frederick Brundert. At a selected hour, the hostess served a very delicious lunch at the small tables which had been quickly re-arranged for the occasion, with Mrs. Dorothy Cromwell assisting her. Pastel tones were used in the appointments.

The next meeting of the club will be held Thursday afternoon at the home of Mrs. Dorothy Cromwell on Whippo street. This will be the first regular session, and business of importance will be transacted at this time.

Tau Delta Elects

Miss Nell Scott of Whippo street was hostess Monday evening to the members of the Tau Delta Class of the Epworth Methodist church. Featuring the evening was the annual election of officers, which resulted as follows:

Miss Hazel Armstrong was named president; Miss Genevieve Barnes, vice president; Miss Dorothy Johns, secretary and Miss Nell Scott, treasurer. Arrangements also were made for a Halloween party to be held October 27 at the home of Miss Louise Wyrle, 936 East Hazel street. After an hour of delightful entertainment, a delicious luncheon was served by the hostess, assisted by her sister, Mrs. William Treadwell.

Attend Party

Mr. and Mrs. C. B. Smith of Adams street and Lee E. Smith of Maryland avenue spent Tuesday evening at a party with friends in Youngstown, O., at the Ohio Hotel. Mr. Smith leaves soon for Michigan.

Hoover Preaches Americanism In Southern Speech

In Shadow Of Historic Kings Mountain President Makes Plea For Ideals

SOCIALISM IS UNDER ATTACK

Hoover Urges Freedom Of Religion And Equality Of Opportunity For All

By GEORGE R. HOLMES
International News Service Staff Correspondent

KINGS MOUNTAIN, S. C., Oct. 8.—In the shadow of historic Kings Mountain, where 150 years ago a sturdy band of American patriots defeated a superior force of British and thus paved the way for Cornwallis' surrender at Yorktown, President Hoover Tuesday preached a sermon of idealistic Americanism to an open-air audience of thousands of Carolinians, many of them the lineal descendants of those rugged mountaineers.

The text of his sermon was that the American system of government has proved itself the superior of all others in a century and a half, and that Bolshevism, Socialism, Anarchy, Dictatorships and their ilk have no place in this country.

He appealed to them to hold steadfast to the ideals for which their forefathers fought 150 years ago in these Carolina hills—the freedom of religion, equality of opportunity, education for all, and human rights in whatever form.

Exploits Freedom

"This," he said, "is the American system. We have lived it and breathed it."

"Our's is a system unique with America—an expression of the spirit and environment of our people—it is just American."

"Parallel with us, other philosophies of society and government have continued or developed and new ones have come into the world, born of the spirit of other peoples and other environments."

"From experiences in many lands I have sometimes compared some of these systems to a race."

"In the American system, through free and universal education, we train the runners, we strive to give them an equal start, our government is the umpire of its fairness. The winner is he who shows the most conscientious training, the greatest ability, the strongest character."

Mean Destruction

"Socialism or its violent brother, Bolshevism, would compel all the runners to end the race equally, it would hold the swiftest to the speed of the most backward. Anarchy would provide neither training nor umpire. Despotism or class government picks those who run and also those who win."

"Whatever the merits or demerits of these other systems, may be, they all mean the destruction of the driving force of equal opportunity, and they mean the destruction of our constitution, for our political framework would serve none of them and many of its fundamental provisions are the negation of them. They mean the abandonment of the nation's spiritual heritage."

Some of these systems, the President went on, deny religion and seek to expel it. He could not conceive, he said, of a nation with a sound economic system or a wholesome social system without religion.

Wave Of Unrest

The present wave of unrest throughout the world, which has resulted in many experiments with various kinds of government, in revolutions and dictatorships, calls for clear-headed thinking in this country, Mr. Hoover observed.

"The world about us is tormented with the spiritual and economic struggles that after changing ideals and systems. Old faiths are being shaken. But we must follow our own destiny. Our institutions are a growth. Our ideals are a binding spiritual heritage. We cannot abandon them without chaos. We can follow them with confidence."

"Our problems are the problems of growth. They are not the problems of decay."

The President declared "it would be foolish" to state that the American system of government is perfect.

No One Perfect

"The human race is not perfect yet," he observed.

"But we must keep corruptive in-

fluences from the nation and its ideals as we would keep them from our homes. Crime and disobedience of law are the very incarnation of destruction to a system whose basis is law."

Citing the "practical results" of 150 years of the American system of government, the president furnished figures on the material comforts that are in every day use in this country and the lack of them in foreign countries.

Twice as many Americans own their own homes as in any country abroad, he said, and "we consume four times as much electricity, have seven times as many automobiles, four times as many telephones and radios, six and one-half times as many youths in colleges and universities, a quarter more children in the public schools and only one-twentieth as many people in the poorhouse."

"But these tangible things," he said, "which we can reduce to statistics and comparisons are but a part of America. The great intangibles of a people are immeasurable, our sense of freedom, of liberty, of security, our confidence of future progress, our traditions of past glory and sacrifice, the example of our heroes, the spiritual enrichment of our people, these are the true glories of America."

Albertson Gets Fine Promotion

Former Traffic Superintendent Here Goes To Pittsburgh Office

Appointment of William W. Kinkel as district traffic superintendent in charge of traffic operations for the Bell Telephone company in Beaver, Butler, Lawrence and Mercer counties, succeeding Morris S. Albertson, has just been announced by Bell company officials.

Mr. Albertson, who has been in charge of the traffic department with offices here for several years, has been named division traffic supervisor at Pittsburgh, Pa., a fine promotion. His many friends here will be highly pleased to learn of his advancement.

Mr. Kinkel, who succeeds Mr. Albertson here, is a graduate of the University of Pittsburgh and has been associated with the Bell company since leaving school. Prior to coming here, he occupied the position of traffic results supervisor at Pittsburgh.

Christian Endeavor Union Meets Tuesday

Plans Are Made For A Rally To Be Held Sunday Afternoon, November 2

Monthly meeting of the Lawrence County Christian Endeavor Union was held Tuesday evening at 8 o'clock in the Central Presbyterian church with several county church societies represented as well as a number of the city churches.

Harry Wilson presided and Lloyd Bailey of New Bedford led in the devotionals. Reports were received from several committees, which indicated very favorable conditions for the winter work of the organization.

Miss Myrtle Riley, superintendent of junior societies in Lawrence county, has completed plans for a junior rally to be held on Sunday afternoon, November 2, at 3 o'clock.

The rally will be held in the First Congregational church on East Reynolds street. Mrs. Carrie Jeffries Roberts has consented to be the speaker on this occasion. A large attendance of the members of the affiliated societies is expected, as Mrs. Roberts is well known as a speaker and will have something worthwhile to say.

All junior societies of the city and county are asked to prepare for the event and be present. A prize banquet will be awarded to the society having the largest representation.

Plans are also being made for a senior rally to be held at New Bedford in the Hopewell Presbyterian church in the very near future. Further details of this rally will be announced later.

The last rally held at New Wilmington last spring was a real success and from all indications New Bedford is trying to make this even better.

SHERIFF GETS MISSING \$9,000, WON'T TALK

TIMPECANOE, O., Oct. 8.—Nine thousand dollars of the \$11,000 missing cash, bonds and certificates of deposit which were stolen from under the house of George Sutton, where Sutton planned to go to Florida, was recovered by Sheriff Maurice Wooster, Cadiz, who declined to discuss details.

WEDDING OF MORROW'S NEPHEW

The wedding of Richard B. Scandrett, New York lawyer and nephew of Dwight W. Morrow, and Mary Emma Landerberger, both shown above, was one of the most brilliant social functions of the season. The ceremony took place at the home of Mr. Scandrett's mother, at Cornwall, N. Y., and was attended by twelve hundred persons, including many members of the Morrow family. The bride, daughter of Mrs. Eugene Landerberger of Philadelphia, is a well-known New York newspaper woman.

Says Many Folks Annually In Reality Take Own Lives

"The papers recently carried the story of a man who deliberately blew himself to pieces with a stick of dynamite. Being an unusual method of suicide, the papers for one day were full of it. It was first quality news."

"Yet thousands of persons annually, to all intents and purposes, take their own lives, and beyond the back page obituary notice get no editorial attention whatsoever," said Doctor Theodore B. Appel, state secretary of health.

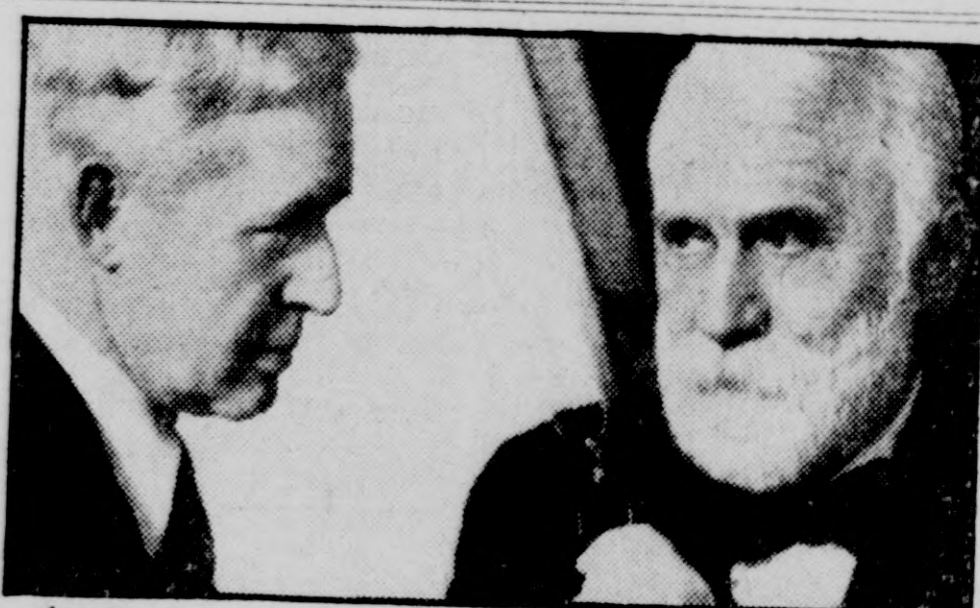

"For this indifference the news and patent medicines, it is a more or less line of least resistance to spare the doctor (and the pocket-book) by a visit to the drug store. But it is an economy, as well as an exhibition of foolish egotism, that is likely to be fraught with the most serious consequences."

"It must be appreciated that the outstandingly important part in the practice of medicine is diagnosis. Treatment, essential as it is, is secondary. And it is at this point that

for a moment attempt to act as their own lawyers, bankers or clergymen for the logical reason that one can not afford to take chances with money, business ventures or souls. On the other hand, they have no hesitancy at all in taking long shots with their own well being and oft times with their very lives, because they feel thoroughly capable of treating almost any type of illness which comes to them."

"True, in these days of cure-alls and patent medicines, it is a more or less line of least resistance to spare the doctor (and the pocket-book) by a visit to the drug store. But it is an economy, as well as an exhibition of foolish egotism, that is likely to be fraught with the most serious consequences."

Date Set For Music Contest

April 24, 1931 Is Date Set For
Northwestern Pennsylv-
vania School Music
Contest

OIL CITY IS
SELECTED PLACE

April 24, 1931 is the date set for the music contest between the schools of northwestern Pennsylvania, C. B. Book, supervising principal of Shengango Township schools announced at teachers institute, at Union high school today. The contest will be held in Oil City, Pa.

Mr. Book and 8 other representatives from Lawrence county attended a meeting of other county representatives in Meadville Tuesday evening and the date for the contest was definitely decided upon at that time.

During the morning session of teachers institute, the music supervisors of the county schools and the county principals met and discussed the coming contest.

Mr. Book reported that in addition to the 9 Lawrence county representatives attending the Meadville meeting there were 2 representatives from Vanango county, 1 from Butler, 1 from Clarion, 1 from Armstrong, 1 from Erie, 1 from Crawford and 3 from Mercer.

Rules of entrance of orchestras, bands and girls and boys mixed were explained by these attending the meeting in Meadville. Elimination will be the same as last year. The boys and girls solos will be separate from the other contestants. A numbers committee will be appointed to select five numbers, that is to say, music pieces for the contestants to play, instead of having the contestants choose their own numbers. This will save much time and will undoubtedly prove more satisfactory to all concerned.

Just one number will be played in all solo events.

There will be county elimination between the schools of each county in the solo ensembles. Entrances fees are the same.

Music supervisors of the county made known at a meeting of the principals and supervisors on Tuesday morning, that they are in favor of a music festival rather than a contest. They will give their arguments for this at floor assembly on Friday morning.

Dorrance Hurls Many Questions

Republican State Chairman
Edward Martin Asked
To Answer Election
Questions

LIBERALS OPPOSE
GIFFORD PINCHOT

(International News Service)

PITTSBURGH, Oct. 8.—Considerable speculation existed in local political circles today as to whether Republican State Chairman General Edward Martin would reply, and in what manner, to five questions propounded by Charles Dorrance, state chairman of the Liberal party, before Dorrance left for Erie, where he spoke at a meeting of Liberal party leaders from Crawford, Warren and Erie counties last night.

In a public statement Dorrance asked Martin if it were true that Charles S. Weston of Scranton, announced as a member of the Republican ways and means committee, had refused to act, and if it were true that "at least one member" of the Republican executive committee appointed by Martin had agreed to serve only with the understanding with Martin that he would not support Pinchot.

Martin also was asked by Dorrance to say how many Republican county chairmen are satisfied with the action of Pinchot in displacing them as heads of the county campaigns and placing the November fight in other hands.

Work Against Pinchot
Dorrance also asked if it were not true that Liberal party workers are working for every other Republican on the ballot with the sole exception of Pinchot, "because, first, we know they are real Pennsylvanians; second, they are sound Republicans; and third, they are not subservient to the tyranny and fanaticism of McBride's Anti-Saloon League and the W. C. T. U."

The final question asked by the Liberal party chairman was whether the Republican party of Pennsylvania indorses the "dignified" attitude of Pinchot in classing Republicans like Andrew W. Mellon and Samuel M. Vauclain as "bootleggers and bar-tenders."

Britain Mourns Airship Victims

Forty-Seven Coffins Reach
London, England, Today
From Scene Of
Disaster

WILL BE BURIED
ON SATURDAY

By HARRY R. FLORY
International News Service Staff
Correspondent

LONDON, Oct. 8.—Britain mourned its dead today, home from abroad. The forty-seven coffins containing the victims of the dirigible R-101, which ended its projected flight to India in a frightful disaster on a trip three miles from Beauvais in France, were brought home aboard a cruiser and conveyed to London by special train, which slipped into Victoria station in the gloomy hours of a rainy night, awaited by thousands of sympathetic and curious who pressed against the station gates.

In the forlorn group inside the train sheds which awaited the funeral dirge were many high government officials, including Premier J. Ramsey MacDonald as well as several relatives of the dead. A guard of honor from the British air force headed by the conspicuous squad which formed the reserve crew of the R-101, paid military tribute to the mechanic and military tribute to the mechanic and military tribute to the mechanic and military tribute to the mechanic.

Six husky Britishers lifted the flag draped coffins from the funeral coaches and carried them slowly to the motor carriages waiting to take them to the Westminster mortuary from which they will be removed after fulfillment of legal requirements to lie in state in centuries-old Westminster hall next to the houses of parliament until Saturday.

Mr. Fozey, well known tinworker will leave New Castle on Thursday for New York City from where he will sail on the Majestic for Le Havre, France. From there he will go to Paris and Marseilles and sail from Marseilles for Beirut, Syria, his native land. He expects to be gone five or six months.

Mr. Fozey is a member of the Perry S. Gaston Post American Legion and has been an active member almost since the time it was organized.

Principals And Advisors Meet

Harold L. Holbrook Speaks
To High School Principals
At Institute
Tuesday

With original humor and snap of enthusiasm, J. W. Yoder, of Huntington, started out the Tuesday afternoon session of the Lawrence County Teachers' Institute at Union high school, in a series of old times known by most of the 300 teachers present. Mr. Yoder, who is in charge of the music during this week of institute, has proven very popular at Institute. After fifteen minutes of singing, and after two baritone solos were rendered by Mr. Yoder at the request of the teachers, Dr. L. H. Beeler, of Grove City College, spoke to the elementary teachers on the subject—"The Teacher's Zero Hour." He brought out facts of interest to the teachers. He stressed the fact that all that an elementary school teacher knows comes out to the surface during the school recitation periods, the most important period in school.

At the same time that Dr. Beeler was addressing the elementary teachers, Harold L. Holbrook, of the department of public instruction, Harrisburg, Pa., was in charge of a meeting of the high school principals and advisors of girls of the Lawrence County schools.

Mr. Holbrook, with the assistance of Charles F. Ball, assistant superintendent of the county schools, distributed to the principals and girls advisors, selection sheets upon which to designate their views on various questions of a proposed Lawrence County guidance program.

Questions dealt with on the subjects of student organizations, teachers conferences, home visiting, etc. The votes of the girls advisors and principals will be the deciding factor of the program of guidance, the outline of which will be given to the county superintendent by Mr. Holbrook.

After a short intermission, all teachers gathered in the Union high auditorium and Dr. W. E. Wenner, of Ashtabula, O., delivered the final address of the day. His subject was "The Hand at the Nation's Throat."

Dr. Wenner stated that four essential qualifications of a good teacher are: personality, keen insight, scholarship.

On Wednesday, one of the features will be special music by Prof. Alan B. Davis, director of music, Westminster College.

buildings here are ready for signature just as soon as definite decision has been made by the building committee of the board of trustees of Grove City College on the location. Every detail has been attended to and both builders and contractor R. B. McDaniel of New Brighton are anxious to get the latter adjusted.

Dr. W. C. Ketter, the college president stated today that within a week he was hopeful that the locations would be agreed upon and the contractor at work.

The contracts call for a science hall and chapel that will cost \$500,000.

licious lunch was served by the Misses Rosalie and Evelyn Grell. A number of lovely gifts were received by the honor guest in memory of the occasion.

Those present were Mr. and Mrs. Peter Gurtner and children Kathryn and Charles, Mr. and Mrs. George Gurtner and children Betty, Georgianna, Barbara, Carl, Dorothy Mae Elmer and Evelyn Marie, Ernest Etzrott, Adam Grell, Harold Shaffer, Esther Etzrott and Ernest Etzrott.

AT ST. LOUIS
J. F. Myers left Saturday afternoon for St. Louis, Mo., as a representative from the railroad operators of the E. & A. division to a meeting being held in St. Louis this week.

RALLY DAY
Rally day was observed in the Methodist Sunday school Sunday morning under the direction of the superintendent, J. R. Meek, and a splendid program was given by the primary, intermediate and junior members of the school. A solo was given by Arthur Meek and a special number was rendered by Mrs. Reba Merchant, Miss Lois Kerr, Lawrence Mitchell and J. R. Meek with Mrs. Francis Taylor pianist.

PULASKI NOTES
Miss Helen Carnes of Beaver is spending several days as the guest of Mrs. Joseph Evans.

Mr. and Mrs. D. E. Funk and sons Bobby and Jack were callers on friends in Youngstown Saturday evening.

U. Z. Sweesy of New Castle was a caller at Hotel Pulaski Sunday afternoon.

County Commissioner and Mrs. C. C. Boyd were callers Saturday afternoon on the former's brother, Joe H. Boyd, who is very seriously ill at the Jameson Memorial hospital, New Castle.

NEW POLICY WILL GOVERN PLANTING FISH IN STREAMS

Board Will Assume Sole Responsibility For Proper Distribution

HARRISBURG, Oct. 8.—Under a new policy adopted by the Board of Fish Commissioners and announced today applications for the distribution of fish will no longer be accepted. All distribution will be entirely in the hands of the Board and will be limited to those streams in which careful investigation has shown that the species to be distributed can thrive.

The action of the Board followed the results of a survey made of smaller streams in all sections of the State. The survey showed conclusively, Board members said, that many streams for which applications frequently had been received were dried up entirely or so low as to be unfit for fish life.

The new policy of the Board is in keeping with recent practices except that it will assume sole responsibility for the fitness of the waters in which fish are distributed.

Major Streams
In recent years the Board has limited the distribution of trout to the major streams in the various counties. Applicants had to designate the stream in which they desired to plant fish and if the records of the Board showed the proposed water undesirable the applicants were refused.

Much the same policy was followed in the distribution of young bass. Bass were planted only in the larger streams and all applications for small lakes and ponds were rejected.

Although sunfish, yellow perch, pike and catfish can live under conditions unsuitable for other species the Board limited the distribution of each to what were known as suitable waters.

In the future fish will be distributed according to the same policies but will be done with the Board's own equipment and under direction of trained personnel.

A complete file of persons who received fish in recent years is maintained in the Board's office here. Whenever possible such associations, clubs and individuals in the districts where shipments are to be made will be notified and asked to co-operate.

Members of the Board believe that the new system of distribution will guarantee all young fish reaching suitable waters in condition to survive easily the transition from the hatcheries.

Civil War In China

RIVETS MAKE THE TRUCK TANK GASOLINE-TIGHT

The
Torrid Zone
STEEL FURNACE
is gas-tight
and dust-tight
because it is
riveted

Walls and ceilings seldom have to be repapered or repainted in a home that's heated with a Torrid Zone

Furnace of boiler-plate steel. Floors, furniture and woodwork are singularly free from dust. It's all in the way this furnace is built.

For just as the truck tank is made gasoline-tight by hot-riveting and cold-calking... so the Torrid Zone is made gas, smoke and dust-tight.

And the air in a Torrid Zone equipped home is bound to be clean and healthful... for several reasons. First, the air is never tainted with coal-gas. Second, the air is moistfully healthful because a Torrid Zone humidifier has twice the evaporating area of ordinary water pans right inside the casing and, furthermore, is positioned for most rapid evaporation. Third, proper air circulation is guaranteed when a Lennox Furnace man installs according to the Standard Code. A Lennox Torrid Zone equipped home is a safe and healthy home for every member of the family.

And what's more, the Torrid Zone is economical. It is designed to heat with from 10% to 20% less fuel than ordinary furnaces. Whatever your fuel... hard coal, soft coal, coke, lignite, wood, gas, oil... it is sure to go farther with a Torrid Zone! Without a doubt, this is the finest heating unit that science has devised.

Wherever it operates, in homes, churches, schools or stores, all the many advantages of warm air heating are fully realized.

Come in and see the interesting features. We want to show you its sturdy locomotive grates, its "lazy" shaker. We want to give you a booklet describing other features. Plans and estimates will be quickly furnished on request. Free engineering service from the factory for special problems. Made by the LENNOX FURNACE COMPANY, Syracuse, New York — Marshalltown, Iowa — Toronto, Canada.

Farm Reminders From
Penn State College

Get Better Roses—Potted roses, planted now in a bed which has been well prepared, should give a greater amount of bloom next spring. Water well after planting and protect them during the long winter months.

Stop Cannibalism—Tipping the beaks of pullets is often the only remedy for bad outbreaks of cannibalism in confined flocks of pullets.

Grow Only the Best—Do not waste time and money in raising heifer calves unless they are from cows with high milk production records and from a sire which also is from a high producing cow. Cows are good or poor milk producers according to their blood inheritance, say State College dairy specialists.

Seek Farm Efficiency—Cost of production is just as important on the

farm as in the factory. Profitable agriculture demands, however, that efficient and economical distribution must follow closely upon the heels of low cost production.

Store Flower Bulbs—Gladoli, dahlias, canas, and tuberose should be lifted after the first heavy frost. They should be cleaned and stored in a clean cellar.

Give Breeders Rest—The birds selected for breeders need a rest during October, and December. Give them free range if possible.

Keep Bees Warm—Packing cases protect the bees in hives from the winter cold and reduce the amount of labor required to maintain the cluster temperature. Get plans and instructions for building and use of the cases from your county agent.

Garden Supplies Food—From now

until Christmas or later, lettuce, spinach, endive, and celery, in the order named, will furnish green and salads for the family diet.

Today Is Anniversary Of Great Chicago Fire

(Contributed)
Today is the 59th anniversary of the great fire which swept through the heart of the city of Chicago in 1871, rendering homeless 100,000 people, destroying \$200,000,000 worth of property and above all calling forth the best that was in the people of the afflicted city. The manner in which the whole country and foreign nations responded with sympathy and assistance of every sort goes up even to this day "as a sweet smelling savor" prompting this brief review.

The fire started on the west side at the corner of DeKoven and Jefferson streets, on Sunday night, October 2, and owing to shifting high winds and an unusual drought, when everything inflammable was as dry as powder, soon got beyond control and became a roaring, seething mass of flame that lighted up the heavens and struck terror to the fleeing inhabitants.

The conflagration crossed the river and soon wiped out the entire business portion of the south side. Building after building, block after block, whole sections of the city were licked up, offering no more resistance than could be expected of straw huts out in a burning jungle. The flames, forced by a regular gale of wind, jumped the main river and kept on until the entire north side was a blackened waste. The last building destroyed was on Fullerton avenue out on the lake shore front. The burned area extended from Fullerton avenue south to Kinzie street, a distance of 2 1/2 miles, thence southward across the river as far as Harrison street, another mile. Nearly all of one block north of Harrison directly on the lake, was saved.

Cutting out this block, the distance the fire travelled from Harrison to Fullerton was 3 1/2 miles, which distance was the length of the conflagration. The average breadth over on the south side was three-fourths of a mile up as far as Randolph street. The Great Central depot grounds at the foot of Lake and Water streets, extended the breadth to one mile. Thus the fire crossed the river with one mile of front increasing by one-sixth of a mile and maintaining that width for fully 1 1/2 miles, then gradually diminishing in triangular form to the last building destroyed on Fullerton as described.

The burned area comprised 31-3 square miles and the fire raged for 18 hours from start to finish; 17,450 buildings were destroyed, including the principal stores, many private residences, 22 hotels, 41 churches, 10 theaters and public halls, grain elevators, all national banks except one, railroad equipment and many bridges. So complete was the destruction that frequently old timers, who thought they knew the city, would engage in lively arguments as to the exact location of some of the prominent street corners such as LaSalle and Adams, Clark and Randolph or Dearborn and Chicago avenue.

When the fire cooled down and

there was one big sea of ashes to look over, no one knew the way to the postoffice, the court house, the railway stations, the hotels or the corner grocery, so completely had the landmarks been removed. General Phil Sheridan was sent promptly with troops to assist in patrolling the city and personally took command of the bombing squad engaged in demolishing buildings to prevent the flames from spreading.

Many acts of heroism are recorded in the accounts of the disaster and none quite equal the stubborn resistance displayed on all fronts by the various fire departments as they brought their engines up into position only to be driven back by the whirlwinds of cinders, smoke and flame. Time and again the brave lads only retreated to new positions when themselves and horses were all but on fire.

The fire of October 2 should not be confused with that of October 7 which started in a planing mill, west of the river, and burned over an area of about 20 acres before it could be checked.

The blaze of Saturday night as compared with that of Sunday night, while a big fire and very costly, was just a little bonfire.

Chicago is a real American city and has proven herself equal to any task.

Social Department Aiding Army Here

Youngstown Social Service Branch Of Salvation Army Helping Here

Through the assistance rendered by the social service department of the Salvation Army, located at Youngstown, it has become possible for Ensign V. Thomsen, officer in charge of the work of the Salvation Army corps here, to increase his activity in the interest of the person who is down and out.

Through this agency, which is a distinct work in itself, it has been possible to place in the office of the army here an efficient worker, who is caring for the details of the work. If it were not for the assistance rendered in this manner by the Youngstown branch, it would be impossible to meet the demands on the local captain, who is too busy with his other work to stay at the office and look after that end of the relief.

In addition, the Youngstown social service department will this week provide Ensign Thomsen with 12 double deck beds to be placed in the rooms above the hall for use in lodging down and out transients. These will be in use before the end of the week.

NEW GALILEE

Mrs. Olsen Fairchild and daughter Frances and Miss Mayme Dryden spent Monday at New Brighton.

Mr. and Mrs. W. F. Boren of Steffen Hill, Beaver Falls were Sunday callers here.

Miss Elinor Baumgartner was taken by surprise Friday evening when she returned from an auto ride and found the room filled with friends who had come to help celebrate her birthday. Games and music were the pastimes and at a seasonable hour dainty refreshments were served by Mrs. Baumgartner assisted by her son Wilbert. Miss Elinor received a number of pretty and useful gifts.

Mrs. W. T. Jenkins spent Thursday and Friday with her daughter Mrs. Wm. McAnlis of Big Beaver Twp.

The Missionary Society of the Church of the Nazarene will meet at the home of Mrs. Lulu Martsoff with Mrs. Mae Martsoff in charge on Thursday Oct. 9th.

Mrs. S. M. Dryden visited in New Castle the past week.

Mrs. John Welsh of the New Galilee-Koppel road spent Monday with her daughter Mrs. Lester Lindzey at this place.

Two Thousand Foot Line On Harlansburg Road Will Give Brick Firm Water Source

Work on a \$5,000 water main project on the Harlansburg road which will require three weeks to complete will be started this week, Howard B. Richards, superintendent of the City of New Castle Water Company said today.

The company will lay 2,000 feet of 6-inch main on the Harlansburg road from the city line east to supply domestic consumption on the road and to provide a water source for manufacturing purposes to the New Castle Mining & Clay Products Company. In the past, C. H. Andrews, secretary of the brick company said, the brick works had been supplied with water from other sources.

Twenty-five men will be engaged on the job.

Food Dealers Here To Welcome Report Of Research Body

People Of U. S. Eating More Sugar, Fats, Oils, Fruits; Use Of Milk Growing

Restaurant proprietors and food dealers in New Castle, and farmers in the county will welcome the report of the American Research Foundation which states that people of the United States are eating more sugar, fats, fruits, oils and other foods this year than in 1900. In fact, if the report is to be taken seriously, the average American of 1930 will consume 150 pounds more food this year than his predecessor of 1900.

"More sugar, fruits, fats, and oils, and milk products are being eaten by the people of the United States," says the foundation.

"The per capita consumption of

sugar is estimated at about 105 pounds this year, compared with 61 pounds per capita in 1900. Fats and oils will average about 44 pounds per capita this year, compared with 34 pounds a generation ago.

"Milk products consumption has increased from 840 pounds to 1040, and fresh fruits from 169 to 192 pounds per capita.

"Meat consumption has shown little variation, ranging from 142 to 145 pounds a year per person.

"Figuring the increase with the declines, the average per capita food consumption shows a gain of 150 pounds annually in the last 30 years.

"An increasing preference for energy and heat production foods is evident in the modern American dietary. Sugar largely supplies energy, while fats are necessary in generating heat and power for the body.

"Meat, milk and cream, and dozens of other items on the daily menu, have a high fat content. The exceptional value of fats is that in addition to supplying energy, they aid digestion by enhancing the palatability of foods consumed in the average meal."

"Just A Step Ahead"

Boys Of Tender Age Vie In Athletics At Y.M.C.A.

To the uninitiated the activities of the Y. M. C. A. Boy's Department which is headed by William A. Thomas, boys secretary, has ever remained a mystery. The newcomer to the building finds that the particular department is practically overrun by boys of tender ages. Their activities—swimming, gym, clubs, social hours, have interested non-members as well as the frequenters of the institution.

The Young Men's Christian Association is making heroic efforts to reach many more boys, through its Boy's department. Its tried and tested programs developed out of many years' experience appeal to boys of every type, under many conditions. Boys like it, enter into it, and grow into sturdy manhood through it. This program is comparatively inexpensive. Our public schools average over \$55 per pupil per year. The program of the Boy's Department costs about one twentieth of this amount per year. Because many of the boys or their parents are needy, and cannot afford to pay all the cost the work requires funds. Such work needs your support both moral and financial. It requires men as well as money. It is much less expensive than courts or reformatories. With your support we can take boys off the front page of yellow journals and put them in the blue book of good citizens.

In our local Association there are at present 29 such features to take care of such work. There are 15 more clubs in the incubation period. We have our Hi-Y's for both Junior and Senior boys ranging from 14 to 19 years of age. In these clubs they have a program of activities in which they back their school in all worth while things and try to put the highest type of ideals into every day practice in their contacts with other students. The fellows meet regularly and discuss their common problems in a mighty helpful way. Through the help of this club and the well known gospel team, four fine lads went away this fall to study for the Ministry.

Then there are the Pioneer Clubs and Fratello Amore clubs; the Junior employed Clubs; the Neighbor

Hood Clubs; the Indian Clubs; Orchestra Groups; Debating teams; Quartettes; Leaders Clubs; all in their way developing according to Luke 2:52—and Jesus increased in Stature; in Wisdom; in Favor of God; in favor with man. In other words Physically: Mentally: Spiritually: Socially.

All the Club programs are built to care for these four sides of a boys life. Through these clubs the young man is helped to discover his chief abilities, and is aided in making right choices through such agencies as vocational guidance, health council, educational guidance, religious discussions and personal adjustments. They give him the necessary courage to compete against life's field. With this kind of a background, a young man will be set for life's race.

The "Y" gives your boy the right kind of friends. Most young fellows crave fellowship. The paramount problem is where can I find the right kind. At the "Y" you will find the kind that you can "tie to" clean cut truly friendly and manly. Then there is that part called character. It is so much a part of you that it is really an expression of your true self when not on "Parade." It may express itself in trivialities that are not trivial. A little kindness here, a helpful deed, a kind word spoken, an encouraging pat on the back, none of them great efforts. But nevertheless they serve to shine out as strongly as a light in the dark. If there is a light in your soul it will express itself through the window "Character."

Secretary Davis To Speak At Opening Of New \$12,000,000 Plant In Ambridge

(International News Service) AMBRIDGE, Pa., Oct. 8.—Secretary of Labor James J. Davis was to make the dedicatory address at the opening of the new \$12,000,000 plant of the A. M. Byers Company here today.

Following his address, the labor head was to speak through a telephone control transmitter which sets the machinery of the plant in motion. The plant will produce wrought iron by a new system, utilizing a number of the latest scientific inventions.

Invitations to attend the ceremonies have been sent to numerous steel magnates and officials of various prominent companies and Walter P. Chrysler, Secretary of the Treasury, Andrew W. Mellon, R. B. Mellon and W. L. Mellon, Pittsburgh.

The new plant covers 126 acres on the Ohio river near here and has a capacity of from 45,000 to 50,000 tons of iron per month.

Ellwood Squire Reserves Decision

Testimony of Constable DeGraff W. Robinson of New Castle and Mrs. William Menice of Ellwood City was heard by Justice of the Peace S. Y. Douds in Ellwood City Tuesday afternoon at a hearing into the charges brought by the constable against Edward Sweiger, Ellwood City store keeper.

Squire Douds continued his decision until Friday in order to study the legal angles of one of the charges, obstructing legal process. The constable's other charge was assault and battery.

Attorney M. J. Kraus represented Sweiger. Constable Robinson appeared in his own behalf. Mrs. Menice was a witness for the Ellwood City man.

The charges by Robinson, a constable from the office of Alderman Walter T. Hamilton of New Castle, followed an alleged altercation in the home of Mrs. Menice, Sixth street and Lawrence avenue, Ellwood City, September 25.

Jimmie Fletcher Having Big Time At Convention

Reports on all the New Castle visitors to the national convention of the American Legion in Boston are not available, but at least one them, Jimmie Fletcher, is having the time of his life.

Jimmie is unable to walk and spends his waking moments in a wheel chair. The best medical skill of the United States government hospitals have been unable to unlock the joints which have been tightened with arthritis, but though he is unable to walk, he has never lost that indomitable spirit of his.

When the gang was preparing to go to the national convention, Jimmie declared himself in and on the trip east was the life of the party. As the New Castle contingent unloaded at the Back Bay station, Jimmie was wheeled out, when suddenly a man in the crowd shouted "Jimmie!"

It was Frederick B. Rowell, a business man of Boston, who 11 years ago was a hospital buddy of Fletcher's when they were confined in the Camp Lee hospital.

In describing the incident the Boston papers termed it a pathetic meeting after the 11 elven hospital buddies met after 11 elven.

Brazilian Troops Have Revolt Well In Hand, Report

(International News Service) RIO DE JANEIRO, Oct. 8.—Important federal victories over the Brazilian revolutionists in the states of Rio de Janeiro and Minas Geraes were claimed in an official communique issued here today.

The insurrectionists have been completely subdued in the southern part of Minas Geraes and throughout Rio de Janeiro, the communique declared. Frequent raids by federal planes equipped with machine guns drove the rebels back with heavy losses, it was declared.

Unconfirmed reports from Pernambuco stated the rebels had killed General Vanderley, federal commandant of the region, as well as the vice president of Parahyba state.

The city of Rio de Janeiro continued to remain calm, the only signs of warfare here being city-wide posters calling out all reserves up to the age of 30 years and the frequent arrival of police and federal troops from Minas Geraes with prisoners.

Rev. Erickson Discusses Orient

Evangelistic Meetings Attracting Crowds To Missionary Alliance Tabernacle

"The first night I preached in Japan," said Evangelist Erickson in service last night at the Christian Missionary Alliance Tabernacle, 210 Pearson street, "the Japanese filled the hall to overflowing. They were all seated on the floor, the men on one side and the women on the other side. After a rousing song service in their native tongue the interpreter turned to me and said, 'It's your turn now,' so I began. I never knew whether they were liking me or the sermon, because of the stoical expression on their faces. They count it a mark of culture to be able to have the same expression on their faces in joy or in sorrow. Twenty-one answered the altar call that first night and accepted the Christian religion."

Taking as his text last evening the words of Jesus, "What shall it profit a man if he gain the whole world and lose his own soul," Mr. Erickson told how the hungry people are searching for something that will satisfy.

Mrs. Erickson had charge of the song service and sang "He Heals Every Heartache" as a solo. A mixed quartet will bring the musical numbers tonight at the service. Meetings each night at 7:30 and each morning at 10 o'clock.

Penna. Power Co. Auditor Is Dead

H. R. Bowie, 49, Passes Away In Hospital At Youngstown, Ohio

H. R. Bowie, aged 49, auditor of the Pennsylvania Power Company, division of the Penn-Ohio system, and assistant general auditor of the Ohio Edison Company, died at 11 p. m. Tuesday in the north side unit of the Youngstown hospital, following an operation for appendicitis.

Bowie was rushed to the operating table Friday, but his condition was critical at that time.

A native of Uniontown, Pa., Bowie had been associated with the P.-O. for 12 years. He was well known here due to numerous visits in his business as auditor. He is survived by his wife and several children.

Scores Here Seek Special Doe Cards For 3-Day Period

Local Hunters To Take Advantage Of Extra Season In November

Doe hunting license applications for the special three-day period designated by the state for the last three days of November are unusually heavy this year, as scores of local hunters are planning to take advantage of the extra game period allotted to certain counties.

"Once about every two years," said Alderman O. H. P. Green today, "the state sets aside a special hunting period for the shooting of does, in addition to the regular 15-day buck hunting period opening December 1, and continuing until December 15."

"Two years ago 25,000 does were killed during the three-day period. Indications are that as many or more will be shot during the last three days of next month."

Hunting of does, however, is limited to different counties and different townships in those counties, although any resident of the state may take out licenses.

The regular buck season opens as usual on December 15 and continues for 15 days.

Hunters must obtain regular hunting licenses before the special doe permit can be secured.

Even A Volunteer Fireman Has His Day; But In This Instance Bogus Alarm Blasts His Thrill

They say that in the category of red-letter days for dutiful volunteer firemen there are none so welcome as the thrill with which the civilian fireman greets a chance to ride to a fire with the regular firemen. And the infrequent attendance by the volunteers at stations makes their assurance of a ride seem doubtful.

Then again, when they meet for a general department meeting once a month at Central Station, their hopes never wane. On the contrary the staid volunteers are on the lookout for a chance to rub shoulders with the regular firemen.

So that was why two firemen who are occupied at peaceful work in the day time suddenly bobbed up when a box alarm was received at Central Station Tuesday evening. It came about this way:

The general department that special group of men who represent nine companies of volunteers attached to the different fire stations, held its monthly meeting on the second floor of the station. George Wyman was in charge. The business was short and plans were such that the volunteers had decided to end the session with dispatch.

Then Comes Alarm
While peaceful silence enveloped the meeting of the general department a rascal, or maybe two rascals, or even more, evoked evil deeds somewhere on the West Side. Maybe it was late, and maybe not. The plans of the evil doers culminated in the sending of an alarm from Box 62 at Grant and Sampson streets.

Roy Sankey and James Long are both volunteer firemen. They are attached to Central Station. Sankey belongs to No. 1 hook and ladder company and his colleague belongs to No. 1 hose company. They say that both are accomplished in the gentle art of subduing fires.

Both Answer Fire
Sankey and Long were on the ground floor when the alarm was received. It appears that they are not members of the general department and their absence at the meeting upstairs was therefore not unusual.

Driver Harper jumped to the seat

of B Truck, the pride of Central Station, and Sankey made a matchless dive for the side of the apparatus and succeeded in gaining a good position as the motor roared out of the station into South Jefferson street. At the same time Long was waiting for his chance.

Assistant Fire Chief Stockman was racing away in his red roadster, so it Long entertained a hope of riding with him he was soon disappointed.

The pump of No. 1 was warming up and Long jumped on that piece of apparatus. Central Station's procession was now well on its way to the scene of the fire. In fact, No. 6 station was also on its way at about the same time. So the volunteers decided that a first class blaze was in store for them.

And There's No Fire
Sankey and Long had a fast ride. They crossed Washington street and headed up North Jefferson street. The ride to Grant and Sampson would last for some time. It is not often that they get a chance to be present at a fire, except when they hear a second alarm—or some neighbor's house is burning.

That is why they looked in all directions as the apparatus reached the supposed destination. Where was the fire? Assistant Chief Stockman got out of his car and hunted. Residents of the district said they did not know of a fire. Then it was only a bogus alarm. And the two volunteers got on the trucks again for the ride back to the station.

Railroad Seeks Right To Change Rail Extension

(International News Service)

WASHINGTON, Oct. 8.—The Pittsburgh & West Virginia railroad today asked the interstate commerce commission for authority to make a slight change in the original location of its Connellsville extension.

Instead of seven miles of new construction it is now proposed to construct about 1,000 feet of road in Connellsville and to secure trackage rights over the Pittsburgh, McKeesport & Youghiogheny railroad to a connection with the Eastern Maryland at Connellsville.

PUNJAB KILLER ADDS 15 TO LIST OF HIS VICTIMS

CALCUTTA, India, Oct. 8.—Harphul Singh, the killer of the Punjab has struck again.

By slaughter of 15 persons at Tohana, the son of an obscure tailor, who enjoys unexplainable but deep hatred for butchers, now has brought the total number of his murders to a score.

Two years ago he began his reign of terror by slaying his sister's father-in-law. Later he robbed and killed a Mohammedan butcher in Narwana. Police sent a sub-inspector of police to capture him and Singh shot the officer to death in a doorway.

A month later two more Mohammedan butchers were added to Harphul Singh's list of victims.

Little was heard of him for weeks until with a companion he walked into Tohana. Both were armed with double-barreled shotguns. Their pockets bulged with cartridges. They had come to terrorize villagers into surrendering money and gold bangles worn by the women.

Shots were fired and villagers dropped to the ground. The thatched roofs of two or three huts were set ablaze. Then Harphul Singh ran amok. He rushed about the village firing into crowds of people cowering in terror, who had sought shelter in nooks and corners.

He sought out and killed five more Mohammedan butchers and then shot to death five Hindus. A Mohammedan mother and a child in her arms, crouched in a corner, were his next victims.

A money-lender refused to surrender gold and was killed. Cart-ridges exhausted, the killer deserted his companion and fled. The aroused villagers followed and were joined by police.

Along the road the killer had followed, the pursuers found bodies of a young tax collector and his orderly.

The government has offered a reward of land and cash for the capture of the killer whose reputation is surpassed only by that of Turabaz who killed 58 people in the Punjab before a police bullet ended his life.

Stress Safety Near Schools

Pennsylvania Motor Federation Calls Attention To Accidents Near Schools

Many Violations Of State Code Limiting Speed At Schools To 15 Miles

Safety at school buildings is stressed in an article released today by the Pennsylvania Motor Federation. In it, the necessity of driving more than usually carefully where school children are, is emphasized. The article follows:

We are now engaged in the inspection of all cars of this Commonwealth for the purpose of determining the mechanical fitness of automobiles to increase safety on our public highways. While this mechanical inspection is going on, and we are in the midst of a "Save A Life Campaign" it might be well for all car drivers to turn to Article X, Section 1002-B, Sub-Section 2, of the Motor Vehicle Code of Pennsylvania and inspect their conduct in reference to the law which reads "that the speed limit when passing a school building during school recess or while children are going to or leaving school during opening or closing hours shall be 15 miles per hour."

To those who doubt the wholesale criminal violation of this act station yourself at any school building where the State or a Motor Club has erected School Safety signs at the periods which are stipulated in the law for 15 miles per hour speed, and you will find the majority passing, violators of the law some even reaching a speed of 60 miles per hour where the school building is on or near a straight away stretch of road with

school children wending their way to or from school.

In this "Save A Life Campaign," the inspection of machinery for safety's sake is fine but since ninety out of every hundred accidents are caused by a "loose nut" behind the wheel who disregards all law and operates his car as though the highway were his or her own private property, we must take action, action, action, and do more than inspect only machinery.

If the Pennsylvania Motor Federation campaign "To Save A Life" is to be fully successful every driver must be educated to be a model driver and by example teach others how to save lives. Every effort must be made to educate drivers what the law is, and then if education is impossible the law must be enforced by the proper authorities. That is a long step towards safety on the road. The driver that willfully rushes past school "kiddies" on our public highways going to and from school at a rate of speed greater than the law allows is not far behind a drunken driver in the matter of killing the innocent.

Remember children are fickle, darting forth here and there without thought, and it is up to drivers to more fully observe the law at school buildings during school days if they are really interested in the saving of life.

Use the utmost caution at school buildings and you are doing your bit in this "Save A Life Campaign." Remember at all times speeding past school houses may save you a minute or two of time, but that it may also hurt one of the most precious things in the home, a child, from time to time. Stop! Think! Reflect at the school building when children are present. You want your child protected. Protect others. Obey the Law. Always at school buildings be cautious and careful.

FORMER PASTOR VISITS IN CITY

National Farm Outlook

By ARTHUR H. JENKINS
Editor, The Farm Journal
Written for Central Press

So far the census figures on the number of farms in the country have not shown very much change from 1925 and 1920.

There is probably less land under cultivation than in either year, but the change made in the definition of a farm in this census tends to offset this decrease.

The final figures for the whole country will show somewhere around 6,200,000 to 6,300,000 farms—a small decrease for the five-year period since 1925.

This will be a disappointment to some people, and very encouraging to others—all depending on whether you think there should or should not be fewer farm families, for the good of the country.

Some very thoughtful people would like to see the number of farm families reduced to around five and a half million, which would be plenty, they say, to produce all the things we eat and wear.

Others look with horror on a declining farm population, and lament the passing away of the bold peasantry, the backbone of the commonwealth, and all that sort of thing.

I confess I can't see what anyone can do about it. The people engaged in agriculture are going to do just what people have always done—match up the attractive features of farm life against its disadvantages, and either stay in it or get out, according to how they think they can do best for themselves.

In recent years the net result of this constant appraisal has been a shift of population away from the farms. In the last twelve months this has been suspended, as conditions in the cities appeared to be less attractive, on the whole, than in the country. When the present depression is over, the movement will resume, or won't, according to the prospect at the time. Nothing that anybody does or says has the slightest influence one way or the other, in my opinion.

Of one thing we may be sure—there

will be no unnecessarily large peasant population, with subnormal standards of living, such as exists in many European countries.

The American farm family knows what health and comfort are. If agriculture does not yield a satisfactory return in living standards that family will look elsewhere for it. And usually they will find it.

If the soil will not provide the so-called American standard of living, so much the worse for the soil.

Analysis Shows First Subscribers To Chest Give Most

Comparison Is Made By Community Chest Officials Of Subscribers To Date

Analysis of the subscriptions made to the New Castle Community Chest, which have been made by the Secretary, Mrs. Rupert, show that the greater part of the money contributed to date, has been given by a small number of people.

After the reports of the day had been made at Tuesday noon's meeting, Judge Chambers announced that of the \$33,793 which had been subscribed prior to the report of the day, there had been only 500 subscribers. This is an average of \$66.91.

Yesterday, around 400 subscribers gave \$7,000.00, showing that most of the advanced gifts, subscription totaling \$40 or more are now in, and that during the remainder of the campaign, the money will be forthcoming from the smaller contributors.

Others look with horror on a declining farm population, and lament the passing away of the bold peasantry, the backbone of the commonwealth, and all that sort of thing.

I confess I can't see what anyone can do about it. Executive Board Meets At Home

Almira Home Officials Meet In Regular Session And Plan For Good Of Home

The executive board of the Almira home met at the home Tuesday afternoon for their regular monthly business meeting to take up matters pertaining to the home and its residents.

One vacancy occurred recently in the home by the death of one of the residents and was filled. Mrs. Brown of Butler county will take the room left vacant.

Some repair work will be done about the windows of the home, cementing of the stone work about them to make the windows wind proof and keep out the cold winter blasts. Everything is done about this institution to add to the comfort of the ladies residing there. The action was deferred on the letting of the contract for the new sun parlor, which is a donation of Mrs. Celia Sibley Brown of Franklin, until her return from New York.

Mrs. J. L. Stratton, superintendent of the home, filled out and sent to the welfare department of the state yesterday the application for the state appropriation for the home for 1930 and 1931. It was erroneously stated in an article last week that the state appropriation had been discontinued. Mrs. Stratton says the home could not exist without this state appropriation.

The other counties, Butler, Mercer and Venango, interested in the upkeep of the Almira home, are at present taking donations of money and eatables for the home, and the Franklin trustees have collected a nice lot of canned goods and quite a sum of money which, according to Mrs. Thomas A. Irwin of Franklin, will buy a lot more canned goods for the home. The Venango county residents have been most liberal in their support of the home.

Butler and Mercer counties have not yet sent in the amount they have collected either in money or goods, but according to reports they will be most liberal.

All women at the home are now in good health and the home is running smoothly along its way with the old ladies most comfortable and happy in their pleasant surroundings.

Sustains Broken Ribs In Falling

B. Frank Grannis of 25 South Front street, sustained two broken ribs on Monday morning, while leaving his home to go to work and is now confined to his home by the injury. His left side was also badly bruised. He was going down the steps leading from his residence, when in some manner, he slipped and fell. In falling he landed with considerable force against a wall and sustained the injuries previously mentioned.

Mr. and Mrs. Harry Sankey spent Sunday at the home of her parents at Plain Grove.

Domonic Vecchio of New Castle spent Friday at the home of his parents, Mr. and Mrs. Dan Vecchio.

Miss Grace Mars was a recent visitor in Butler.

The Misses Annie and Mary Hardisty spent Saturday evening in Cortland, O.

Mr. and Mrs. Clarence Gray of Grove City spent Tuesday at the home of her parents Mr. and Mrs. Jerome Smith.

GIRL BURNED AS HOME IS DESTROYED

OIL CITY, Oct. 8.—Flames destroyed the frame house owned by Mont Rhodabarger on Orchard street, causing injury to Miss Pansy Rhodabarger, who was wringing out gasoline-soaked garments at the time. The flames spread rapidly, and little furniture was saved.

CHILDREN ALMOST HATE CROSS, NERVOUS MOTHER

"My children almost hated me. I was so cross. Thanks to Vinol, my nervousness is all gone and we are happy again."—Mrs. T. Johnstone.

For 30 years doctors have prescribed Vinol because it contains important mineral elements of iron, calcium and cod liver peptone. The very FIRST bottle brings sound sleep and a BIG appetite. Nervous, worried people are surprised how QUICK Vinol gives new life and pep? Tastes delicious. Eckerd's.

By Rev. Roy D. Smith, D. D.

IT TAKES RARE COURAGE—

To admit we were to blame in the highway accident.

To allow our children to exercise their own judgment.

To trust truth to take care of itself.

To believe in the man who believes differently from us.

To stand alone in a righteous cause when it is still unpopular.

To put our trust in right when might is arrogant.

To frankly face our own mistakes and admit our own responsibility.

BEAUTY IS YOUR REWARD WHEN YOU BANISH SKIN CONGESTION

Complexion beauty is awaiting you... the clear, fresh beauty you've perhaps lost in a hurry because, unknown to you, you've been troubled with Skin Congestion.

Yet it's so easy to banish Skin Congestion with Plough's Cleansing Cream! Deep-pore cleansing with Plough's Cleansing Cream is the quickest, most effective way. Dip your fingers into this light, pure cream and smooth it on your skin! Instantly it liquefies... penetrates deep down into the millions of tiny pores through which your skin breathes. Quickly it dislodges all impurities, bringing them to the surface to be easily wiped away. When your pores are free of dust, grime and make-up, they contract to normal size, and your complexion glows with radiant beauty and health.

The 50c size of Plough's Cleansing Cream contains more than twice as much as the 30c size and the 25c size is most economical to buy. And when you choose this marvelous "deep-pore cleanser" you are getting the finest quality at prices in keeping with today's trend to sensible spending.

Vets Visit Butler Post Last Evening

Visitation Committee Invites Butler Veterans To Attend Celebration

Quite a delegation of members from the Harry L. McBride Post, Veterans of Foreign Wars, went to Butler last evening for the purpose of inviting the members of the Joseph T. Black post to attend the big Tri-County Armistice Day celebration to be held in New Castle November 11.

Members of the Butler post promised they would be here 100 per cent on the occasion and will bring many friends with them.

Last week, the Vets invited Youngstown veterans to attend, and indications are that the Veterans of Foreign Wars will be well represented at the big celebration, which is sponsored by the V. F. W. posts of Lawrence, Butler and Mercer counties.

Still List Two Small Detours

All state construction work in Lawrence county has been completed and the detours removed, with the exception of a short detour on the Perry Highway between Harlansburg and Portersville, where the new bridge, which was built, and the Elliotts Mills-Plaingrove road.

The Perry Highway detour is six-tenths of a mile in length, while the Plaingrove detour is 6.4 miles in length, over 1.8 miles of concrete and 4.6 miles of dirt road, all in good shape.

VANDERGRIFF, Pa., Oct. 8.—Stricken with a heart attack soon after he stopped in the home of John Shearer on an unimproved Armstrong county road at noon yesterday, Joseph T. Walker, 68, of this city, a notions salesman, died while being rushed to a Leeburg doctor.

Go ahead; let the child develop its individuality. Somebody will undevelop it with a brick.

POLICE POWER FOR JANITORS IS ASKED

BUTLER, Pa., Oct. 8.—The Butler board of education will ask Mayor Joseph A. Heineman to designate janitors of the leading school buildings as special officers, acting under the direction of the police department.

Action was taken upon the request by Superintendent of Schools John A. Gibson, who told the board that the Junior high school building had been ransacked recently, and that

other cases of petty stealing had been reported.

Superintendent Gibson and Principal V. K. Irvine will select the janitors who will be given police authority.

Man Found Slain, Four Are Held By New Jersey Police

Three Men And Woman Held
By Police As Suspected
Killers On Black
Horse Pike

(International News Service)
CAMDEN, N. J., Oct. 8.—The feud between South Jersey gangsters flared anew early today in Blackwood, a suburb, and when the fusillade of shots ceased Edward Nicholson was found shot to death on Blenheim road near the Black Horse Pike.

Three women and a man seen speeding away from the death scene were captured when they crashed into another car. In addition an aged farmer who is alleged to have operated a speakeasy on his property nearby has been taken into custody.

Nicholson had been shot in the neck and head. In his clothing police found an automatic shotgun, sawed off at the muzzle.

The prisoners seized in the wrecked machine identified themselves as: Mary McClyment, 20, and Leonore Rangel, 21, both of Philadelphia; Catherine Carroll, 19, of Camden and Edward Sims, 23, also of Camden.

They were seized at the request of Morris W. Brogan, of Sewell, N. J., into whose car they had crashed. Police asserted they were intoxicated at the time of the collision.

Joe Dexter, the alleged owner of the speakeasy, said the quintet had visited his place. He was arrested. An automatic pistol was found on him, police said.

Dexter denied selling liquor and denied any knowledge of the crime.

RAIL SCHEDULE STIRS PROTEST

B. & O. Service Changes Be-
tween Pittsburgh And Butler
And New Castle Are
Opposed

HARRISBURG, Oct. 8.—Complaint against the removal of trains and change of schedule on the Baltimore and Ohio railroad between Pittsburgh and Butler and Pittsburgh and New Castle was filed with the Public Service Commission today by Harry J. Lomb of Allison Park, Allegheny county.

The complainant alleges the changes in service, effective September 28, 1930, have inconvenienced about 100 persons residing along the line between Pittsburgh and Gallery Junction. The complaint charges the company issued 60 trip monthly tickets which are now "useless" and which the company has refused to redeem; that persons in the section affected are compelled to stay in Pittsburgh all week in order to retain their jobs there and that the working day of all patrons in the area has been lengthened 20 minutes by the schedule changes.

WOMAN RULES BRITISH ISLAND

LONDON, Oct. 8.—A widow with six children, Mrs. Dudley Beaumont, holds the distinction of being the only woman governor within the British Empire possessing full administrative powers.

Mrs. Beaumont, who holds the title of the Dame of Sark, rules the island of Sark which consists of less than 300 acres with a population of approximately 600. It is one of the group of islands.

She presides over a parliament which meets three yearly and supervises finances of the island where taxes still are paid in kind and the houses assessed according to the number of their chimneys. Because of her position, she alone on the island is allowed to keep doves.

The children of Sark are not taught that their island was conquered by the British and they pay homage to the Duke of Normandy who is King George. All addresses and petitions to him are sent to "Le Roi, notre Duc."

According to philologists the people of Sark speak the purest Norman-French to be heard anywhere and faithfully preserve the speech of William the Conqueror and his followers.

Burns Acts As Mayor Of City

City Councilman W. T. Burns today presided at the session of police court in the absence of Mayor William H. Gillespie, who is out of the city. THEORY AND PRACTICE.
Theoretically the Stock Exchange is a beneficent organization affording a clearing house for traffic in the securities of legitimate business concerns.

In reality, it is the biggest licensed gambling house in the world.

When the Bull Market was under way approximately 400 brokers of the Exchange's large membership were actively engaged around the trading posts.

With a billion-dollar turnover a day and brokers getting \$25 a hundred on purchases or sales over par, it's easy to see why the price of seats on the Exchange leaped from \$100,000 to \$650,000 a copy.

A limited number of tables and all the suckers on earth fighting each other to get in and play to the tune of a billion a day!

by JOSEPH VAN RAALTE

By Central Press
NEW YORK, Oct. 8.—The other day, Dick Whitney, president of the New York Stock Exchange, told the world that the current business depression is due, not to the Ticker Tumble of last Fall, but to over-production. When that happens, he says, you're bound to have a "trade recession," of which the Exchange is merely the barometer.

Dick had to say that. It's part of his job. There are certain formulas, ridiculous in themselves, that Wall Street has agreed to take seriously, and which are advanced on given occasions.

Brother Whitney's spiel in the present instance, is every bit as legitimate as the Lea and Perrin label on the bottle of Worcestershire sauce in the railroad lunch room.

We're not laughing at Dick Whitney. We are sympathizing with him. He's an intelligent man and he knows the worth, moral and psychological, of his verbal diagnosis.

It's as necessary as a rolling pin to a comic strip.

Whale Exhibition Brings Big Profit

Large Crowds Flock To Exhibitions Such As Recently Seen Here

That's gold in them there hills, has been changed to read That's gold in them there whales.

The business of exhibiting whales over the country in an embalmed state has been a very nice paying proposition. To be exact there is about \$4000 per day profit to the business, and that is not to be sneezed at.

It will be recalled that one of the nine embalmed whales recently appeared in New Castle. (The whale didn't know it of course, but he was here nevertheless, all of his 72 tons reposing on a big flat car that was parked over near the east side Pennsylvania station. Many hundreds of New Castle people viewed the sea monster.

The exhibitions are in charge of old time circus men, who are amazed at the profit of the whale shows, and who took a 25 cent look, the gate receipts went soaring.

All of the embalmed whales are owned by the Pacific Sealing Company, and the In-A-Minute-Your-Through golf courses, and marathon dance contests are not in it with the whale venture.

Catfish Fall From Skies During Rain

(International News Service)
ROSWELL, N. M., Oct. 8.—Catfish fell from the skies in a recent rain storm on the desert near here. Joe J. Lane, prominent rancher in Lea County has photographs and fish to prove it.

Lane said the fish fell on an arid section near his ranch, 55 miles east of here. He said his wife gathered about 100 pounds of fish from an acre of ground. The nearest water tank is six miles from the spot.

The only water in the entire area comes from windmills.

About 100 of the fish were still alive when Lane and his wife gathered them. He was in Roswell, recently with fish and photographs to prove his story.

Torch Cuts Hinges At 25-Foot Distance

NEW YORK, Oct. 8.—A torch that can cut through an "on hinge from a distance of 25 feet was tested successfully by the fire department.

The torch, equipped with a straight tip burner on a slender iron pole is designed to aid firemen in cutting through barred windows out of reach of fire escapes and landings and will become part of the regular equipment of the city's department rescue trucks.

In the test today the torch cut through the hinge, three and a half inches wide, in two minutes. It was designed by a member of the department.

The one juror who causes the mistrial may not so crooked, but it seems even more uncharitable to think him that dumb.

WE NEED YOUR HELP!

Suppose Nobody Cared!

Whether —Our needy citizens were fed, clothed, sheltered or taken care of when ill?

Whether —Boys and girls had an opportunity to be guided in the right path toward useful citizenship?

Whether —Our good folks, unable to care for themselves, had a place to spend their old age in comfort and peace?

Whether —Those who have been stricken by sudden misfortune have a place to turn to for sympathy and help?

GIVE ENOUGH for ALL

Could You Enjoy

Your Home—

With its cheerful surroundings, when people are living in near squalor in New Castle because fate has been unkind to them?

Your Meals—

Warm, substantial food, when there are hundreds of families who scarcely know where their next meal is coming from?

Your Pleasures—

Good shows, automobiles, luxurious clothing, good health, when there are so many who do not know what it is to smile and be happy because of crippled bodies or other adverse circumstances?

THE GOAL \$61,500

New Castle's Community Chest is operated under the strictest economy. It is supervised by patriotic citizens who give their time and money. Its budget has been reduced \$6,000 this year. Your help is needed as never before. We need enough for all.

AIN'T IT GOOD TO GIVE?

When a feller's feelin' friendly
'Cause he's got a bit ahead,
And he sees some fellow human
With a heart that feels like lead—
(P'raps a helpless babe or cripple
Cryin' for the right to live!)
—Ain't it great to have a nest egg?
Tell me—

Little babies—pale and helpless;
Aged people—bent and gray;
Folks like you and me in feelin's,
Hurt by pranks that fate can play—
They're a lookin' and a hopin'
For a better chance to live.
When so much help costs so little,
Tell me—

AIN'T IT GOOD TO GIVE?

AIN'T IT GOOD TO GIVE?

Will you see a neighbor stumble
When by stretchin' out your hand
You can get him past the rough spot
And can help him straight to stand?
Can you take the chance of leavin'
Helpless folks in pain to live?
When at night you face your conscience,
Tell me—

The members planned for a fish fry to be given in conjunction with the Men's Bible class at the church on October 24.

Mrs. Alice McQuiston motored to Conway over the week end where she enjoyed an airplane ride in the Cabin plane at Conway airport, with a number of close friends.

IT'S TRUE

Did you ever see that vaudeville act where two western farmers come out with their musical saws and sing "Down in Arken Down in Arken Down in Arken SAW"? The prototype of one of these earnest was seen by some Ellwoodians who were traveling through Arkansas recently. It was the day of one of the big league games, so they stopped a farmer and inquired "How's the game coming?" "What game?" queried the farmer. "Why the world series game—great game!" haven't you got a radio or newspaper?"

"Wal," drawled the westerner. "We ain't got a radio in this town but there's one in the next place thirty miles further."

Anniversary Is Announced At Missionary Meet

ELLWOOD CITY, Oct. 8.—A surprise announcement was made at the meeting of Group three of the Women's Missionary society of the Baptist church last night. The meeting took place at the home of Mrs. William Richards of Glen avenue, and the hostess made it known that that day was her 35th anniversary. So a delicious luncheon carried out the idea and a pleasant time was enjoyed.

There were nine members of the group present and they planned missionary work for the winter. A special guest was Mrs. Miles Schaffer.

Local Business Man Escapes Serious Injury In Accident

James Criss, Manager Of Local
Store, Pinned Under His Car
After An Upset Last
Night

ELLWOOD CITY, Oct. 8.—James Criss, official in a local store escaped miraculously from death on Monday night when his car overturned in a ditch on the Wilmington road near the Field Club. According to his statement, he was forced to take to the ditch or be hit by an oncoming car which crowded him off the road. In driving into the ditch, however, his car, a light sedan, turned over pinning him underneath. By waving his hand he was able to attract the attention of a passing car later and was assisted to his home here. He is said to be suffering from slight bruises and shock, but nothing serious.

His rescuers, after looking over his car, which was totally demolished, couldn't understand how he escaped with such slight injuries.

High Team Battles Beaver Falls Saturday

First Out-Of-Town Game Occurs Saturday With Beaver Falls On The Valley's Grounds

(By TONY PASTA)
ELLWOOD CITY, Oct. 8.—In spite of their bad battle against Butler the High school machine is being driven at a rapid pace this week to prepare for their clash with Beaver Falls this Saturday on the Tiger's home grounds. It will be the first out-of-town game for the blue and white.

Beaver Falls is seeking revenge for the defeat they suffered in Ellwood last year when the Tubers swamped them by a 37-13 score. The Valley aggregation has not forgotten this and will be out to scalp the local eleven to avenge this defeat.

While the blue and white crew showed vast improvement in their class last Saturday, Coach Ingle is not yet satisfied with his charges. The line at times weakened to allow the opponent healthy gains and it is this department that is being given special treatment. Cunningham is getting off better punts and Neff is kicking them hard on the kickoff. Ellwood is also weak at the placement kicks, so Frisk will devote some of their time to improvement on this feature.

Since Ellwood has broken negotiations with New Castle, they seem to class Beaver Falls as their biggest foe and a tough battle is expected this Saturday. From all indications the Heckathorne club has started off to a successful season, for they have already chalked up two victories by defeating South Hills and Monaca.

Among the veterans left from last year's squad are Rombey, an end, Walker tackle and Morris, quarterback. Brunansky is another dependable line-man who engaged in a number of games last season. Young and Merriman are the best backfield performers.

A large crowd of students and fans is expected to accompany the team to Beaver Falls for Saturday's game.

KOPPEL

The Koppel Ten-Pin bowling league opened its third season last night. H. H. Hofelt, president of the league, announced the opening of the third season and introduced Hon. Homer H. Swaney who presided as master of ceremonies, he outlined the objects of the league as being healthful, clean recreation, to promote the great American game of Ten-Pins, to advance true sportsmanship among its members and to convey that spirit to others, to promote good fellowship which not only means for better standards in bowling but also for more efficiency in our daily employment.

Mr. Swaney introduced the Honorable Mayor of Beaver Falls who extended the welcome of the city. C. F. Ehrentraut, secretary and treasurer of the Koppel Companies was next introduced and made a brief address. Mr. Hofelt, after making some announcements called on Mr. L. H. Henning, champion bowler of the league for the past two years, Mr. Harold Mathieson, John Collizzi, Kaare Asper, who had perfect attendance for two years, Mr. R. M. Klenner, secretary of the league for two years and Mr. C. M. Wallace, treasurer of the league for two years, to deliver the first balls on the six alleys to declare the season officially opened.

The league consists of six teams of five men each, the standing of the league after the opening night is:

RUNAWAY BRIDE
FRIDAY—RICHARD ARLEN in "SANTA FE TRAIL"

HIGHLIGHTS OF HISTORY

By J. Carroll Mansfield

15. Daniel Boone—The Close of Lord Dunmore's War

AFTER THEIR DEFEAT BY COLONEL LEWIS AT POINT PLEASANT (OCT. 10, 1774) THE INDIANS SUE FOR PEACE. GLAD TO BRING THE CAMPAIGN TO AN END, LORD DUNMORE MET CORNSTALK, RECEIVED THE PEACE BELT OF WHITE WAMPUM AND SMOKED THE PIPE OF PEACE.

(Copyright, 1930, by J. Carroll Mansfield)

THE FRONTIERSMEN DECLARED THAT TO INSURE THE FUTURE SAFETY OF THE BORDER SETTLERS THE INDIANS SHOULD BE SEVERELY PUNISHED; BUT DUNMORE WOULD PERMIT NO REPRISALS. HIS MOTIVES, HOWEVER, WERE NOT HUMANITARIAN BUT POLITICAL. THE COLONIES WERE THEN ON THE VERGE OF WAR WITH ENGLAND, AND THE ROYAL GOVERNOR WISHED TO KEEP THE RED MEN FRIENDLY TOWARD THE BRITISH—

LOGAN WAS THE FRIEND OF THE WHITE MAN. COLONEL CRESAP MURDERED ALL THE RELATIONS OF LOGAN—THIS CALLED ON ME FOR REVENGE.

THE BACKWOODSMEN WENT HOME ANGRY AND DISGUSTED; LOGAN HAD REFUSED TO ATTEND THE PEACE 'POW-WOW' ON THE CHILLICOTHE. DUNMORE SENT AN OFFICER TO FIND THE MINGO CHIEFTAIN AND GET HIM TO SIGN THE PEACE TREATY. THE OFFICER FOUND LOGAN DEEP IN THE WOODS MOURNING HIS MURDERED FAMILY.

"I HAVE FULLY GLUTTED MY VENGEANCE—LOGAN WILL NOT TURN ON HIS HEEL TO SAVE HIS LIFE—WHO IS THERE TO MOURN FOR LOGAN? — NOT ONE."

LOGAN WAS CONTENT TO FIGHT NO MORE, BUT WOULD NOT BECOME RECONCILED WITH THE RACE THAT HAD USED HIM SO TREACHEROUSLY. TO DUNMORE'S MESSENGER LOGAN POURED OUT HIS FEELINGS IN THAT MEMORABLE SPEECH FULL OF ELOQUENCE AND PATHOS, PARTS OF WHICH ARE QUOTED ABOVE.

Manager Street To Switch His Batting Order In Sixth Game

Athletics Will Fight Hard To End Series—Grove Or Earnshaw To Pitch

Jim Bottomley Will Be Shifted To Sixth Position And Watkins Or Blades Elevated

By JAMES L. KILGALLIN
International News Service Sports Writer

PHILADELPHIA, Oct. 8.—Desperately anxious to win today, Manager Gaby Street of the St. Louis Cardinals, is seriously considering shaking up his batting order for the sixth game of the 1930 world series with the Philadelphia Athletics this afternoon.

If he does, he will drop "Sunny" Jim Bottomley from the cleanup position of fourth to sixth on the list because the popular Cardinal's first baseman hasn't been hitting the size of his hat. Bottomley has made only one hit, a two bagger, in twenty times at bat in the five contests already played for a batting average of .050.

Hallahan To Pitch.
Manager Street has definitely decided to pitch "Bill" Hallahan against the A's in this vital game, for the Red Birds must win or lose the series.

PHILADELPHIA, Oct. 8.—Overcast skies with a possibility of showers were predicted today by game time for the sixth contest of the world series between the Athletics and Cardinals booked for Shibe Park at 1:30 p. m.
Partly cloudy skies greeted the fans early this morning with indications completely overcast skies would soon prevail. A stiff west wind made topcoats comfortable.

If he switches the lineup, as International News Service learned, he is tempted to do, either Blades or Watkins will bat fourth in Bottomley's place. Blades would be in the game if "Lefty" Grove or any other south-paw pitcher whereas Watkins would play in the event Manager Connie Mack selects a right hander to do the hurling.

Haley would remain fifth on the batting order and Bottomley would move down to sixth. The reason Bottomley has been hitting so poorly is that he has been facing only left handed pitchers and he is at his best against right handers. He is a terrible slump but his fielding has been of the highest order. There is no danger that Orsatti will be used at first base in Bottomley's place, as has been suggested.

Wants To Win.
Hallahan, the young southpaw who blanked the A's last Saturday in St. Louis, 5 to 0, allowing only seven scattered hits, has been told by Street that the pitching assignment for today's game is his.

"I am going to pitch my arm off to win," said Hallahan, a modest snub-faced youngster of 24, said this morning. "The manager that has given me my real chance in the 'big show' is Street, and I'm going to do my level best to reciprocate, no other managers coddled me along like Street did when I was wild."

Democrats are condemning the New York Republicans for likewise adopting a wet plank, but as yet no suit for infringement of patent has been filed. The Ann Arbor Daily News.

HERE AND THERE IN SPORTS LAND

The series may end today. The sixth game is to be played and should the Athletics 'cop' it will be their fourth of the series and to them would go the world's championship. If the Cardinals come through with a victory it will mean a seventh game Thursday. The tilt today is at Philadelphia. Wild Bill Hallahan will hurl for the Cards. Connie Mack has not picked his hurler.

W. H. Botham presents a good idea in a letter to The News. He objects to the way games are played in the Independent Football league and if conditions are as he reports the system is wrong. He says the purpose of the league is to discover the outstanding or champion team but this will not be possible if a continuation of the present system is kept in vogue.

Mr. Botham says that when teams clash they are made up of outstanding players of other aggregations in the league. He points out that recently the business men used players from the Marcella and Malizia teams. He suggests a meeting be called, a list of eligible players be presented by each team and the titular team acknowledged at the end of the season.

Teddy Yarosz of Aliquippa turned in a technical knockout last night by beating Benny Burns in the fourth round of a scheduled 10 round battle at East Liverpool. They are junior welterweights.

Hack Wilson was the most valuable player to his club during the past season according to a committee of baseball writers representing all of the National League cities.

Jimmy Maloney upset the fistic dope last night at Boston by outpointing Primo Carnera in 10 rounds. He carried the fight to Primo and excepting for the first round which Jimmy lost, he pounded Primo all well.

Hunters Preparing For Coming Season

Nearly 1200 Licenses Are Already Issued In Lawrence County

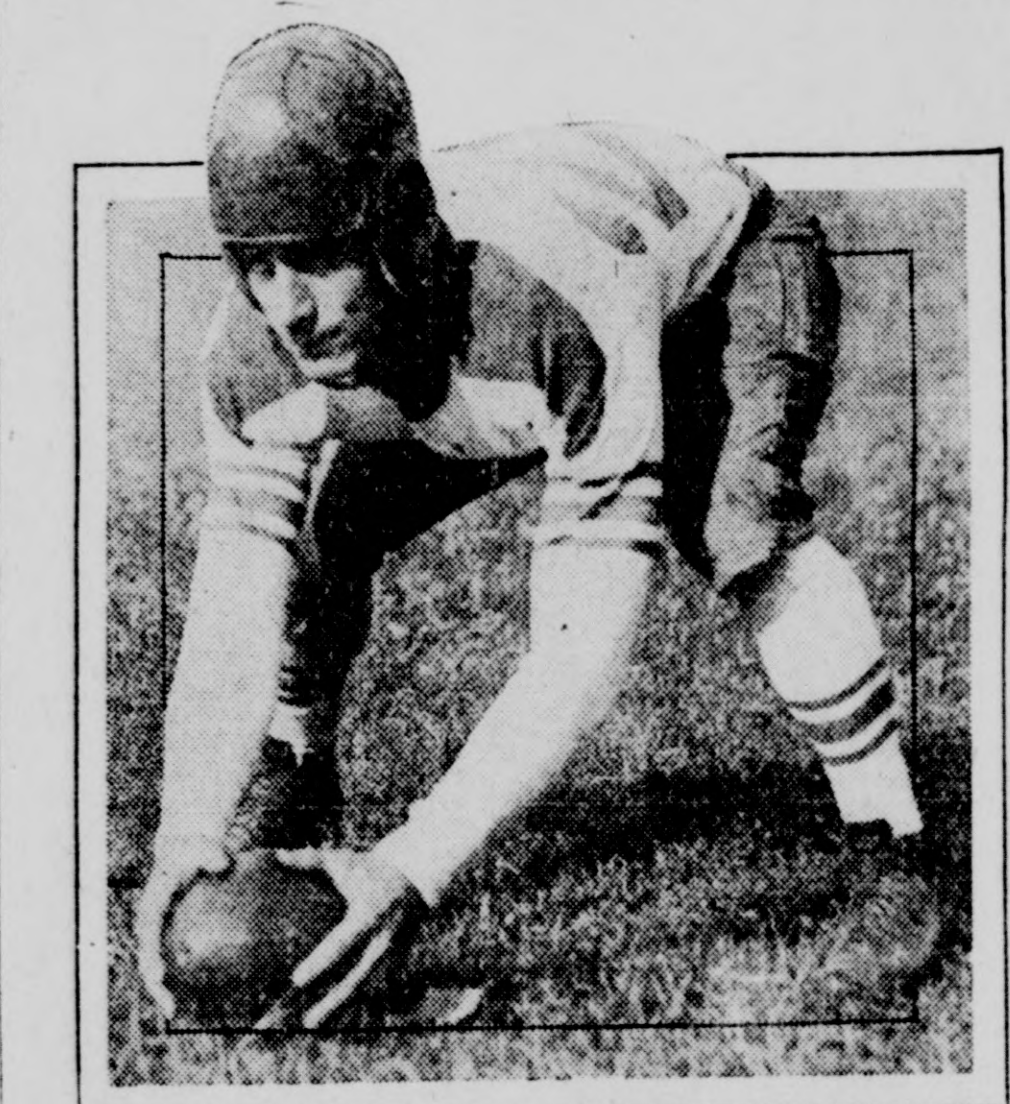

Applications for hunters licenses are coming in rapidly at the office of County Treasurer, Adda M. Smiley. The licenses were not received until about September 18th. Since that time 1139 have been issued. There are several women among those to whom licenses have been issued. Indications are that this will be a good hunting season, especially for rabbits.

A SINCERE COMPLIMENT

Boone, Titan Leader, Still Among Best Of District Centers

CAPTAIN RUSSELL BOONE

(Special to The News)
NEW WILMINGTON, Pa., Oct. 8.—Russell "Chappie" Boone, playing his fourth year on Coach "Dike" Beede's Westminster college grid team and leading the Titan eleven for the second year, continues as one of the best snapper-backs in the district.
Boone, former captain and center on the Turtle Creek Union high school football team, made the Westminster team in his freshman year and has played regularly ever since. Equally good on both offense and defense the scrappy little leader accounts for the strong middle line of the Titans.
The photo shows Captain Boone dressed in the snappy new white and blue uniforms which the Titans are wearing this fall. The Westminster club, with one victory and one defeat in the first two games of the season, meets Allegheny at home Saturday in the feature of the home-coming celebration.

Gridiron Gossip

This little fuss scheduled for New Wilmington Saturday afternoon when Westminster and Allegheny get together in annual grid combat, looks like the cakes. Both schools have defeated the same school, meaning that Edinboro Teachers College team fell before Westminster 19-12 and before the Alleghenies 21 to 0. Edinboro didn't deserve that one touchdown against the Titans.

Coach Beede is anxious to take the measure of the 'Gators due to the fact that last year they thought it was a "hike" or something when the Westminster team up at Montgomery Field slid out of the ball park holding a 7 to 6 victory under the covers. Allegheny is going to try hard to get that victory back again, and one sweet little old ball game is likely to be the result.

Jock Sutherland is just breezing along with his Pitt Panthers this week. Saturday up at Cleveland Ohio, the terrible animals will be turned loose. The Panthers last week made the Mountaineers see stars, and came up on the right side of the ledger with a 16 to 0 win. Western Reserve doesn't figure to beat Pitt, the Lake City crew just figuring on a ball game and giving the Cleveland folks a chance to see a fir-class major college eleven in action.

Carnegie Tech doesn't have a breather this week, not by a long shot. When that bunch of husky Georgia Tech boys invade Pittsburgh, they are going to mean business plus. They claim down below the Mason Dixon line that the Georgia Tech team is the sweetest looking for the past several years and if such is true, then Coach Steffen is going to have to dig deep into the bag of tricks to out-guess the Southerners. The kale goes on Carnegie Tech however.

There's a game up Greenville way this week-end that has all the earmarks of a rather good one, and is the Geneva-Thiel annual encounter. The Geneva boys of course are all confident of taking the measure of the Lutherans in a fashion that speaks well for Geneva, but I am afraid that they are overlooking the fact that Thiel may have something in the way of football material this year, and such being the case will give the mighty Convenanters an argument.

The "night riders" of Duquesne will be on foreign soil this Friday night to see how the going goes. They are meeting Loyola of Chicago at Chicago, and take it from me, this Chicago outfit can play football. Coach Elmer Layden is more than just worried over this contest. He says that the

Union-Mercer To Battle Saturday

Coach Boyd Preparing Union High Football Team For Victory This Week

CAPTAIN AUGUSTYN ON INJURED LIST

Union High school football team plays the first Tri-County battle of the year on Saturday afternoon of this week, when they play Mercer. The game starts at 2:30 o'clock.

Last year Union downed Mercer 19 to 0 at the Scotland Lane Field and they intend to try and repeat this performance. Coach Boyd is giving the Union gridders a lot of special attention this week.

The boys have had it rather easy this week due to Teachers Institute being held at the Union school. The team will hold its second practice of the week today. A light workout is scheduled for Thursday and Friday. It will mark the first game of this year that Union has met a team their own size and class, and for that reason Coach Boyd is anxious for a good showing. The odds will not be against Union this week.

Captain Augustyn will be out of the Mercer game with a bruised knee that he received in the game at Scienceville last week, but the remainder of the squad is in good shape.

Giant's Catcher Is Stabbed By Negro

Francis "Shanty" Hogan, Catcher For New York Giants Wounded By Knife

(International News Service)
NEW YORK, Oct. 8.—Francis "Shanty" Hogan, Giants catcher was stabbed early today by a negro elevator operator who used a bat and a knife on Hogan when Hogan objected to the negro taking a drink at a party Hogan was attending.

But the negro also was subdued fleeing the scene when he ran against an amateur boxer, Luke Salabanda. Hogan's knife wounds in shoulder, arm and side were not serious it was said today. The negro was booked for felonious assault.

Roper Says Night Game Hippodromes Football

NEWARK, N. J., Oct. 8.—You have Bill Roper's word for it—this night football in colleges and secondary schools is bad business.
Roper, winding up this year his long career as head coach at Princeton told the New Jersey State Interscholastic Association last night that playing night games was "getting away from the original purpose of the sport."
"It is hippodroming the game and putting the interests of the spectators ahead of the welfare of the players," he said. "Football was intended as a game to be played in the broad day light, not in the night air under arc lights that have an ill effect on the players."
The veteran coach also was critical of the practice of holding spring training for football players. He is of the opinion that after strenuous fall practice the players in the spring should turn to baseball, tennis or track, anything but football.

Shenango Meets Freedom Friday

East New Castle Eleven Faces Hard Foe In Valley Team

With only a few more days left, the Shenango High school football team is rounding into condition for Friday afternoon when the East New Castle eleven travels to Freedom, where they will meet Freedom High. Coach Johnston after sending his gridders through a long workout on

Tuesday stated that his boys are steadily improving.

This is the third game on the Shenango school schedule. The East New Castle team lost the first two games with Slippery Rock and New Wilmington. Coach Johnston this season has faced a huge task in selecting eleven gridders to represent Shenango due to the fact that last season he lost practically a whole team. He has been working with green material and it will take some time before these lads begin functioning.

Shenango has four more games to play this season. Bessemer, Union, Mercer and Freedom on Friday are the four opponents yet to be met. Shenango will conclude training in preparation for Freedom on Thursday afternoon.

Rochester High School Team Agrees To Change Grid Date To October 31

According to Faculty Manager Ralph H. Gardner of the New Castle high school, Rochester high school has agreed to change the date of its football game with New Castle from Saturday, November 1, to Friday night, October 31. It is necessary to change the date of the game due to the fact that W. & J. and Thiel have been granted the privilege of playing here by the school board.

Since the school board has already authorized the athletic council to go ahead and make the change of dates it only awaits the formal approval of the athletic council, which action will undoubtedly be taken at the regular October meeting. The local officials are in favor of changing the dates so that New Castle plays on Friday night, October 31, and W. & J. Thiel play on Saturday afternoon, November 1.

Light Workout For High Squad

Several New Castle Players Are Recovering From Minor Injuries

BELLEVUE TEAM IS REPORTED GOOD

Casualties these days are forcing Coach Phil H. Bridenbaugh of the New Castle High School football team to send his grid machine through light workouts. On Monday afternoon the session proved one of the lightest so far this season and on Tuesday afternoon at Taggart Field Coach Bridenbaugh duplicated by sending his warriors through another light rehearsal in preparation for Friday night when Bellevue High will meet the local red and black undefeated machine.

Following light signal drills and a short practice of kicking the piggies and running down punts the boys were excused Tuesday. A strenuous workout is scheduled for this afternoon.

Lady Luck did not prove too good to Coach Bridenbaugh following that Aliquippa game. Most of his grid-ders have some kind of an injury. It isn't a leg, it's an ankle. Several of the first string grid-ders are suffering with bad legs. Captain McAuley who played Friday night despite the fact that he was suffering with a bad leg is steadily improving and it is hoped that he will be ready for Bellevue. Fred Fabian who also entered the contest against Aliquippa with an injured ankle sustained in a practice, is improving.

Askounes the husky tackle is suffering with a "Charley horse" Having

When So. Calif. Triumphed

This closeup action shot taken during Southern California's victorious game against Oregon State, at Los Angeles, shows Marshall Duffield, crack Southern California player, demonstrating the straight-arm defensive gesture to Root of the losing eleven. Southern California triumphed by a 27-7 score.

Spying On Sports

by BILL RITT

By WILLIAM RITT
Central Press Sports Editor

THE FOOTBALL SPOTLIGHT this week-end will be trained chiefly on the middle west where no less than six battalions of Big Ten troops swing in to action for Western conference grid warfare.

In addition the mid-west will test its steel against two first line elevens, one from the Atlantic coast and the other from the Pacific coast, and two Big Ten teams will entertain two southwestern elevens.

The Big Ten battle will bring into action the four conference teams among which many mid-west football followers believe the 1930 winner is to be picked. They are Purdue, defending champion; Northwestern, Michigan and Wisconsin.

Either Purdue or Michigan will be eliminated after Saturday, since these two outfits collide at Ann Arbor. Purdue, despite graduation losses and a new coach, must be given an edge here. Wisconsin should have less trouble with Chicago than Northwestern may have against Ohio State.

long odds against the Middles and if Pop Warner has as good a Cardinal crew as we believe, the Minnesotans are in for a lot of trouble.

Iowa will cross blades at home with Centenary from the southwest, while Indiana and the Oklahoma Aggies argue in the Hoosiers stadium in two other important intersectional squabbles to be viewed by middle westerners. The 'Is should have it.

Switching our gaze to the east we find a good Yale team with high hopes of revenging herself on Georgia for last year's spanking of the Blue. It will be Bulldog versus Bulldog, which means a hot dog fight from the whistle, but a Yale win won't be an upset. Meanwhile the two big Tech teams, Georgia Tech and Carnegie Tech, will have it out in Pittsburgh in what may be anybody's battle.

East and Other Points
Two other interesting battles may develop when Virginia tries to upset Penn, and Brown and Princeton come to blows in the Tigers' lair. The Brunonians nosed out the Orange and Black, 13-12, last season, but that doesn't mean a thing today. Anybody's battle may describe the Lafayette-Colgate tiff.

The Pacific coast's struggle will be the St. Mary-California clash at Berkeley, these two teams attempting to settle that 0-0 tie which marred their records last year. They tell me

Slip Madigan has a team again, but California has a new system to be tried out under capable Nibs Price and it seldom pays to bet against the Golden Bears.

The southwest has two spots to watch. Tulane, Southern champions, matches wits with the Texas Aggies, while Nebraska comes down to Oklahoma for a tussle with the Sooners. Tulane and the Corn Huskers should come through.

Illinois, Harvard, Dartmouth, Army, Pittsburgh, Penn State, New York U., West Virginia, Cornell, Georgetown, Washington, Southern California, Tennessee, Vanderbilt, Alabama, Columbia and the rest of the big boys take on ostensibly weaker foes. However, Saturday promises to be a beautiful blue-and-gold October day—just the kind of day on which upsets, and many of them, happen.

Testimony Is Filed In Brandolina Case

Notes of testimony in the case of the Commonwealth against Maria Brandolina, in which an application for a new trial has been made were filed at court this morning. This is a case in which the defendant was convicted of arson in connection with a fire in her home at Ellwood City. Mrs. Brandolina denies the charge, claiming that she was away from home at the time of the fire.

PATENTED ONE-PIECE RAZOR GIVES AMAZING PERFORMANCE

SHAVES WITH NEW COMFORT
Men Hardly Feel The Razor's Stroke

Men all over this city have been startled and delighted by a revolutionary new razor, the Gem Micromatic. The new razor is the one real shaving improvement in more than twenty years.

All One Piece
The new Gem Micromatic is all one piece. There's nothing to take apart. It is the easiest razor to load, clean, shave.

Simple to Use
Twist it and it opens. Twist it again, and it closes—automatically the blade moves into the correct shaving position and is locked there. No vibration.

Marvelous Shaves
But the new razor astonishes everybody by its superb shaves. You hardly feel the razor's stroke as it smooths off the beard.

RAZOR and 5 BLADES \$1
The magnificent introductory set consists of a richly gold plated Gem Micromatic Razor and 5 Gem Micromatic Blades—presented in a modern case of supreme beauty—all for \$1. This set is built to \$5 specifications and is selling with such rapidity that men are advised to buy theirs today without fail.

SURGICAL STEEL BLADES AMAZE MEN IN TEST

Tougher, Keener Blade Gives Many Extra Shaves

In countrywide tests made by 7,392 men in 102 different cities, the new Gem Micromatic Blade has proven the amazing superiority of surgical steel. These men did not know who manufactured the blades, as the only identifying mark on the blades was the patent number 1,739,280. They tried out the new razor and blades and gave their reports under the auspices of disinterested principals.

Enthusiastic Reports
They found that the surgical steel blades were far keener than any blades they had ever used before. They reported that each blade gave many extra shaves. These same fine blades—the new Gem Micromatic Blades—are now on sale at all dealers in this city.

★NEW GEM RAZOR Analyzed

- ★1. Radically different razor. A precision micromatic instrument for shaving. Gold plated.
- ★2. Invisible control automatically places blade in correct shaving position—and locks it there. Held rigidly at five points. No vibration.
- ★3. Patented substantial Corinthian handle—tapered to fit your hand as though it grew there—perfect balance, comfortable grip.
- ★4. New shaving principle. Place razor-head flat against cheek—assures right angle and stroke—shaves under nose easily.
- ★5. Easy-to-clean, easy-to-load, one-piece razor. Nothing to take apart or assemble.
- ★6. Simple to operate. Twist handle and the razor opens. Twist it again and razor closes.
- ★7. Patented blade construction and drastic manufacturing changes insure keener shaving edge and micromatic uniformity.
- ★8. Newly developed surgical steel—tougher, sturdier—each blade gives many extra shaves—resulting in lowest cost per shave.
- ★9. New blade fits all Gem Razors—but to get full benefit, use new blade in new razor.
- ★10. Must give you vastly better shaves—or your entire purchase price will be refunded.

NEW YORK STOCKS

Slight Fluctuations In Early Market Sales

(International News Service)

NEW YORK, Oct. 8.—Though reaching slightly higher price levels in the early trading today, most of the industrial favorites were driven off by fairly heavy selling before the end of the first hour and the market was unsettled but still as the session advanced. A 3 1/2 per cent decrease in Steel output, as estimated by Dow Jones and company and a 250,000 decrease in freight car loadings as compared with the same week in 1928 and 1929 offered little comfort to those who were looking for signs of the business recovery and little stimulus for the buying of industrial stocks.

Rallies of a point or more were recorded at the outset in Allied Chemical, Gold Dust, Case and other favorites and a score or more of the favorites advanced fractionally in the first hour, the Utilities were again unsettled by persistent selling, American Waterworks losing more than 3 points at 84 1/2 and American and Foreign Power down 2 1/2 at 45 1/2.

Extreme dullness prevailed in all sections of the market near the noon period, and price changes were narrow. United States Steel reacted from 154 to 152 1/2 and many of the Blue-Chips lost the greater part of their early spurts. Garin and Cotton were steady, the latter market being unaffected by the government's crop report. Call money was unchanged at 2 per cent.

Faculty Members Play At Institute

Prof. and Mrs. A. B. Davis Of Westminster At Institute Today

MISS STERLING TELLS OF LIBRARY

Prof. and Mrs. Alan B. Davis rendered vocal and piano selections at teachers institute, Union high school, this morning, to the delight of the 300 county school teachers composing the audience. Professor Davis is director of music at Westminster College and is a singer of rare ability. Mrs. Davis accompanied his solos at the piano, and gave several special piano selections.

J. W. Yoder, of Huntington, led the institute in a song service, following which Dr. W. E. Wenner of Ashland, delivered an address on the "Factors Determining Efficiency." He laid particular emphasis on the fact that school teachers must teach their pupils to become constant students, not intermittent, sporadic thinkers, that they must be taught how to systematize their conversations and express themselves properly.

Rev. J. W. St. Clair, of East Brook was in charge of the devotionals. After intermission, Dr. L. H. Beeler of Grove City College, talked on the interesting topic "The West is Gone" bringing forward some helpful advice to the teachers.

Ballots were distributed and votes were taken for the election of one member of the State School Employees' Retirement board. Candidates were Miss Lucy W. Glass, Harrisburg and Miss Zura E. Raup, Milton, Pa. One member is elected every three years.

Miss Alice Sterling, librarian of the New Castle free public library spoke a few minutes to the congregation of educators. Miss Sterling explained that a special card may be secured at the library for county school teachers and 10 books may be taken out at one time on that card in addition to the 6 allowed on the personal card. Non-residents of New Castle are required by state law to pay a fee of one dollar a year for the privilege of borrowing from the public library, but with that small fee the teachers will be able to take out 16 books and have a small library in her classroom. They will also have the privilege of 2 renewals and can have 3 or 4 different sets a year.

BELLS PEAL AFTER 100 YEARS
After a silence of more than 100 years, the bells of the ancient church of Southfleet, England, will peal again. The three bells, among the oldest in the country, were cast in 1610, 1735 and 1736. Parishioners recently established a fund for their complete restoration.

American Property In Brazil Is Damaged By Revolters, Is Report

American Charge D'Affaires In Brazil Makes Report Of Property Damage

Number Of Revolutionists Are Place At 80,000 Men

(International News Service)
WASHINGTON, Oct. 8.—The State department moved cautiously today in the face of a report from American charge D'Affaires S. Walter Washington at Rio De Janeiro, that American property at Bahia, Brazil, had been attacked Saturday and Sunday by revolutionists.

Growing seriousness of the situation in Brazil was indicated by a prepared statement by Brazilian Ambassador Do Amaral, that his government would resort to bloodshed to put down the revolution if necessary.

Property Attacked
Washington reported the American-owned street railway and the elevator service between the upper and lower levels of the city of Bahia had been attacked. He said service was expected to be resumed today. State police were said to have repelled the attack.

What the American government can do about it, officials declined even to speculate on, but some concern was felt although the tendency was to discount the reported spread of the revolution movement.

Reports to the Brazilian embassy here were that President Washington Luis, of Brazil was personally directing measures to restore order. The embassy placed the number of revolutionists at about 80,000 men.

Many States Revolt
The state of Rio Grande do Sul appeared to be the center of the revolt, but press reports saying it has been joined by the states of Pernambuco, Rio Grande do Norte, Piahy, Ceara and Parahyba, in the north remained unconfirmed at the embassy.

Rio Grande do Sul, officials at the state department pointed out, is the southernmost state, and many natural obstacles make military operations difficult against the northern part of Brazil.

Rio Grande do Sul long known as the insurgent state, has been the scene of many abortive revolutions in the past, officials declared.

ROAMING

With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

Roamed over to the Community Chest meeting at noon yesterday in the Y. W. C. A. just to see at first hand the group of men and women engaged in the 1930 model chest drive. Thought perhaps there might be a lot of new faces around the board but unless you knew the date you could easily have mistaken it for any drive of any kind at any time in New Castle in the past ten years.

The old axiom had it that a willing horse carries the load, and it seems that here in New Castle there are a number of willing horses that get loaded up with the majority of the civic work, year after year. Whether it's Community Chest, or hotel building, or putting on a play there seems to be a certain coterie that draw down a lot of laborious work, and it does seem as though those folks have a lot of credit coming to them.

Soliciting money for a Community Chest isn't easy. If the alibis used for getting out of giving were placed end to end, you could pave a street with them. One of the old alibis was that given by the stalwart citizen who when asked to give, took another bite of finecut and said, "no sir, I don't intend to give any money to feed a bunch of solicitors."

That alibi is rather blue around the edges. This year's solicitors pay for their own lunch each day when they make their report. In other words they are willing to go out and tramp the streets for the money, make their own contribution, and then pay for their lunch when they gather at noon.

It doesn't seem quite fair somehow. It isn't their Community Chest any more than it is yours or mine. If the cause they represent is a worthy one, and it surely is, then it is just as much your worthy cause, and mine, as it is theirs, and we shouldn't expect other people to go out and do our work, and buy their own meals.

Saw a lot of familiar faces around the table. There was Frank Hoyer was team captain of a team in 1911 on which I served. The drive was for the funds to erect the present Y. M. C. A. as I recall, and the teams had automobile names. Mr. Hoyer was captain of the Whites.

E. E. McGill was there also and I can remember some drives which were put over because he took the drive by the slack of the pants and tossed it over the goal line. One drive in particular was about \$0,000.00 short the night before it was to close. With fire in his eyes Mr. McGill stood up before that crowd and said "You've laid down on this job fellows, and if you can't raise that money between you, I'm going to do it myself."

He did. He worked all night, rapped a couple of heavy purses with a stuffed club, and the next day reported the major portion of the money and the drive went over. De Lace Cole was there, one of the truck horse brigade, and Herb Christman and Russ Melvin, and Martha Bigley, and a long list of them. Regulars, all of them, men and women who have to get behind every civic load and because of the calibre of them, the job is usually put over with a bang.

This Community Chest ought to go over. Times are not as flush as they will be later on, but that only means that the ones who can give now, should do a little for the fellow who wants to but can't. There are folks who cannot give, and they aren't being asked, but the ones who can and don't ought to go down to one of those community chest dinners and see that crew work.

John Nothdurft sent in a little verse which applies to the Community Chest. Here it is: "I said it in the meadow path, I said it on the mountain stairs—The best things any mortal hath Are those that any mortal shares."

Had a brand new experience last night. Went out the Slippery Rock to help put a mantel piece over an open fire place, and if you never did any lumbering, gather around. It's a job that doesn't require and chemists' test tubes, or a pedagogue's pointer but it does require a keen eye, and a strong back.

The first job to do was getting the tree out of which the slab top would be cut. After rooting around in the woods with lanterns we finally located a chestnut tree which was about half dead but thick enough through to provide the slab. It was about 18 inches in diameter and the only way to get it down was saw it.

As that big tree crashed down through the saplings, it sounded as though a skyscraper had collapsed. The echoes reverberated through the forest, the screech owls woke up and protested, while over across the valley the cat birds set up a yowling.

Once down, the job was to saw it into lengths, split it, and then carry the slabs to the cottage. And after working one end of a cross cut saw, carrying slabs and lifting them in and out of place to get them properly sized, I know why lumbermen have such large appetites, and muscles.

Y EMPLOYMENT BUREAU GETTING SOME RESULTS

Robert L. Meermans, general secretary of the Y. M. C. A. said today that several employers of labor in this city have responded to his appeal for jobs to men who continually apply at the "Y" free state employment agency.

At present the demand for work is far greater than the jobs available, Meermans stated. The "Y" lists names of laborers, farmers' helpers, clerks and others who have asked for miscellaneous work.

Meermans expressed appreciation of the response of employers in the following statement: "The free state employment agency which the Bureau of Employment of Pennsylvania operates in the 'Y' building appreciates the splendid publicity that The News is giving. Many men who need work have been helped

Meermans believes, of some employers of labor.

Workers who are sent on jobs by the office are handed cards which the employer or foreman signs if the negotiation for a job is successful. The signed cards are then returned to the "Y" and are next sent from that office to the Bureau of Employment. That enables the state employment officials at Harrisburg to keep a check on employment conditions and the activities of the various branch offices throughout the state.

Rain Today Will Offset Shortage

Farmers In Certain Sections Forced To Haul Water For Stock Use

With a drizzling but steady rain starting to fall at 10 o'clock this morning, farmers in certain sections of Lawrence county breathed a sigh of relief and were hopeful the shower would refresh things and supply at least a comfortable amount of water for stock use.

Reports from the East Brook district indicated that water has been at a premium there for the past week. Farmers in that section have obtained their water by the gallon full from Lakewood beach.

While it is understood East Brook's vicinity is suffering the most, other parts of the county were said to be undergoing an extensive shortage. Streams in many areas are dry.

Railroad Folk To Hold Dinner Here

F. R. R. Trainmasters' Force To Gather For Social Thursday Night

Arrangements were completed today for the second monthly dinner and social affair for Pennsylvania railroad yardmasters, assistant yardmasters, their wives and other guests, to be held Thursday evening in the social room over the company's West Side freight house.

Yardmaster J. F. Evans and Mrs. Evans, of Walford, head the committee in charge for the evening. Elaborate plans have been made with the dinner scheduled for 6:30 p. m. Seventy-five members and guests of the trainmasters' department attended the first party a month ago.

AIRBRAKE CAR TO ARRIVE TOMORROW

Pennsy Enginemen Of District To Get Instruction During Stay Here

Fitted and equipped just like any railroad locomotive, an especially devised airbrake car of the Pennsylvania railroad will come to New Castle tomorrow morning from Wheatland for a short lay-over at the Cherry street yards of the company.

Trainmen of the Pennsylvania from all over the New Castle district will be expected to attend classes of instruction to be conducted by F. M. Ransbury, instructor-in-charge, who accompanies the car.

Enginemen of the Wheatland district were told the intricacies of smooth train stopping during the stay of the car there. The car operates on its own power, its interior design resembling in every particular that of an engine.
